ESTABLISHED 1833. FORT WAYNE, IND., FRIDAY, MAY 12, 1899. PRICE TWO CENTS.

DEWEY IS COMING

ADMIRAL SOON TO DEPART FROM MANILA.

MAY START WHEN HE LIKES.

NEED NOT WAIT FOR PEACE IN PHILIPPINES.

WILL COME BY WAY OF SUEZ.

OLYMPIA'S MAIL IS ORDERED TO LONDON.

Washington,D. C,. May 12.—"Send Olympia's mail to B. F. Stevens, No. 4 Trafalgar square, London, Eng.," was the notice given out at the navy department today. This is the first formal indication that the famous flagship is coming home immediately.

Upon inquiry it was ascertained that Secretary Long had last evening cabled Admiral Dewey permission to return at once to the United States.

He has been relieved of the obligation of remaining at Manila until the Philippine commission completes its work. He is not even required to await the cessation of hostilities, but may start homeward at once.

The notice posted at the navy department indicates that the Olympia will not remain long enough to receive the next outward mail.

Mr. Stevens, referred to, is the navy department's agent at London to distribute all of the mail for United States warships in European waters, so he will see to it that the Olympia receives hers as soon as she passes the Suez canal.

It is estimated at the navy department that Dewey will reach the United States in time for a national demonstration on the Fourth of July. The Olympia will not come under full steam, but, nevertheless, she should make the run to New York in about fifty-five days from Manila.

That she is to come to New York is nearly certain, as shown by the following response made by Secretary Long to the urgent message of invitation to Dewey from Mayor VanWyck of New York.

It may be stated that this was sent before the notice was sent to Dewey that he might come home at once:

"Navy Department, Washington, D. C., May 11.—Sir: I am in receipt of your telegram with regard to the return of Admiral Dewey, and expressing a desire that he arrive first in the country at New York. The time of his return has not been fixed, and the department has taken no other action than to authorize his return whenever the condition of the peace commission shall permit. As to the route he shall take in returning, the department is inclined to leave that to him. He has served with great ability, and must necessarily feel so much the effect of his arduous labors in trying climates and under trying circumstances that the department is disposed to let him govern himself in this respect largely by the consideration of his own personal convenience and wish. It is understood, however, that Admiral Dewey will elect to return to New York.

"Very respectfully,

"John D. Long, Sec'y.

"Hon. Robert A. Van Wyck, Mayor of the City of New York."

FILIPINO CONGRESS MEETS.

London, May 12.—A special dispatch received here to-day from Manila says that the Filipino congress now sitting at San Isidro is composed of fifty-six members, of whom twenty favor peace and an equal number are irreconcilable. The others, holding the balance of power, are ready to admit that absolute independence is hopeless of attainment, but demand better terms at the hands of the United States.

COLLIDED IN A RACE.

Columbus, O., May 12.—As a result of a competition between Mcconnelsville and Zanesville river packets, the Valley Gem and Zanetta in racing for Taylorsville locks on the Muskingum, collided, and the whole side of the Zanetta was crushed in. By heroic efforts of the crew the boat was kept afloat and no lives were lost.

LANGLEY FLYING AGAIN.

Washington, May 12.—Prof. S. P. Langley, secretary of the Smithsonian Institute, the inventor of the aerodome, who was given $25,000 by the board of ordnance to experiment with his flying machine for war purposes, made his first test at Quantico, Va., yesterday. Prof. Langley, with the amount of money placed at his disposal, built a new and larger machine than that with which he experimented two years ago. The machine was launched from the op of a house boat anchored in a broad sweep of the Potomac about three-fourths of a mile from the island owned by the Quantico Rod and Gun club. The result was not so successful as were Professor Langley's former experiments with the smaller machine. The machine soared aloft to a height of 500 feet, but descended after a horizontal flight of 800 feet. His former machine, which was propelled by a small steam engine, flew three-quarters of a mile and only descended when the steam was exhausted. It was understood that Professor Langley was to overcome the limited power capacity of the former machine by the use of a condensing engine, which could repeatedly utilize the condensed steam from the boiler.

BEFORE THE SUPREME COURT

THE EEL RIVER RAILROAD CASE ARGUED.

Attorney General Says No Railroad Can Lease Away Iits Rights —No Decision Soon.

Indianapolis, May 12.—Special.—The Eel River railroad case was argued before the supreme court this morning. The suit involves the tenure of the Wabash Railroad company's use of the line which now constitutes that road's Detroit connection and based on the legal contention that the Eel River could not lease its rights. Attorney General W. L. Taylor, of Indiana, and Senator Winfield appeared for the state and contended that no railroad can lease away its rights.

Attorney Crawford opposed, saying that it was a common thing for railroads to do so, and that it is done all over the state. Attorney General Taylor demands a strong affirmative opinion from the court. He also made a strong speech against trusts in the course of his argument. The argument on both sides was able and learned. An immediate decision on the case is not expected. A petition for rehearing willl be filed when the decision comes.

The court today overruled the petition for rehearing in the case of Harmon Tibbet vs. George Zurbeck, a case appealed from Allen county.

POLICE COURT.

Detective Somers, of the Pennsylvania company, arrested two well dressed young men for climbing on Pennsylvania freight trains. They were arraigned before Mayor Scherer this morning and told his honor that they were students in a well known college in the southern part of the state. They had been to Plymouth on a visit and spent all their money. In order to get away from Plymouth the young men claimed they were compelled to beat their way on a freight. Mayor Scherer gave them an hour to get out of the city. Clyde Kruenberg and William D. Wahl were arrested by Officer Paul for vagrancy. Kruenberg is a boy and the police believe that he is a runaway. His parents in Grand Rapids have been communicated with. The mayor sent the lad and his friend to jail for fifteen days.

THE PRESIDENT'S ROUTINE.

Hot Springs, Va., May 12.—There is little variety in the President's daily movements here. Breakfast, the mail, morning papers, and then, accompanied by Dr. Rixey, his medicinal bath, form a routine that is broken only by his stroll through the grounds. These walks are much enjoyed by him and incidents occurring through them are repeated about the hotel corridors. Yesterday he found a tot of a girl with a big, heavy valise which she was laboring to fill with grass. Mr. McKinley, amused by her ardor and bright face, stopped a moment and aided her in her efforts by plucking grass for its receptacle. Comptroller of the Currency and Mrs. Dawes will be here to-morrow night. Secretary and Mrs. Long also have been urged to come, but a definite answer has not been received.

Insanity in Switzerland.

Switzerland is a record breaker as regards insanity. In a population of a little over 3,000,000, the republic had 6,169 persons in state insane asylums last year. There are no laws for the commitment of insane persons. No judicial proceedings such as a trial before a competent court or expert commission, are followed; but simply the written assertion of an ordinary physician, who need not be a specialist on insanity, that in his belief the person is insane, is deemed sufficient for the seizure and confinement of such an accused person in an asylum.

PLEAD FOR REST.

NEBRASKA TROOPS WORN OUT WITH FIGHTING.

MEMORIAL TO GEN. M'ARTHUR.

REGIMENT HAS BEEN CUT TO PIECES.

WILLING TO FIGHT WHEN ABLE

THE REGIMENT'S LOSSES ARE HEAVY.

Manila, May 8.—Via Hong Kong, May 12.—The First regiment of Nebraska volunteer infantry is taking the unusual steps of respectfully petitioning the division commander, Major General MacArthur, to temporarily relieve them from duty at the front. The regiment is badly exhausted by the campaigns in which it has taken an active part and not many more than three hundred men of the organization are at present fit for duty. On Sunday last 160 men of this regiment responded to sick call.

The men, in view of the facts, have prepared a respectful memorial to General MacArthur asking that their regiment be withdrawn for a short time from the fighting line in order that they may recuperate. The memorial states that the men are willing to fight, but are in no condition to do so owing to the strain of long marching, continual fighting and outpost duty in which they have been engaged.

It is added that many of the men have been unable to have their clothing washed for months past, having been compelled during all that time to sleep in their uniforms to be in readiness for fighting. The memorial adds that since February 2d the regiment has lost 225 men in killed and wounded and fifty-nine since the battle of Malolos.

The officers of the regiment propose to present a similar memorial on behalf of the men. The splendid record of the First Nebraska in the entire campaign and the tone of the memorial prepared by the men are such that no imputation of insubordination can be brought against them. Officers of the regiment said to the correspondent of the Associated Press here today that they thought that the men are worked beyond endurance and should be given a rest and some of the regular regiments which are now guarding the city sent to the front.

Five volunteer regiments and the Utah battery of artillery are at San Fernando. They muster in all about 2,500 men. Many of the soldiers are in hospitals suffering from heat and other causes. The wounded were all suffering acutely and showed the effects of exposure to the sun when they arrived. Three days' rest has already worked wonders.

Since the army entered Malolos the soldiers have had little water to drink except that which was brought on railway trains from Manila, and that was of poor quality. The artesian wells at San Fernando are doing much toward making the men contented.

FORCE THE FIGHTING.

New York, May 12.—A special to the World from Hot Springs. Va., says:

"Force the fighting. Penetrate far into the interior and capture or destroy every warring Filipino."

That is the pith of a long cipher cablegram President McKinley sent to General Otis in Manila. It was prompted by several despatches from General Otis transmitted by Secretary Alger, which greatly encouraged the president.

TROOPS TO GO TO THE FRONT.

Washington, May 12, 4:30 p. m.—Fresh troops are beginning to go to the front. Two battalions of the Thirteenth infantry (regular) that had been holding the lines about the city of Manillia. will join Major General MacArthur's division at San Fernando to-morrow, and one battalion of the same regiment will reinforce Major General Lawton's division near Bacolor. These troops will be replaced here by the Twenty-first infantry regiment, which arrived from the United States on board the transport Hancock yesterday.

Captain Grant, of the Utah battery, whose success in managing the army gunboats Laguna de Bay and Cavadonga has won for him the sobriquet of "The Dewey of the Army," has been put in command of the recently purchased Spanish gunboats whose arms the insurgents captured. These vessels are now being prepared for operations on the rivers and along the coast. The refitting and arming of the gunboats is being pushed with all diligence.

LAST PAYMENT TO SPAIN.

New York, May 12.—The payment of the last installment of $5,000,000 of the $20,000,000 indemnity to Spain will be made to the National City bank on Monday next. The bank announces that all the exchange necessary for the transfer of this money has already been provided.

IS UNMOVED BY HIS CRIME.

JOSEPH HARVEY IS ABLE TO SLEEP SOUNDLY.

Howard City Murderer Has Been Placed in Jail—Shows No Signs of Insanity.

Howard City, Mich. May 12.—Joseph Harvey, murderer of his grandmother, uncle and wife, who also fatally wounded his father-in-law and tried to commit suicide, was taken to the county jail at Stanton to-day, after being arraigned before a justice of the peace. He waived examination and was held for trial.

The young man slept soundly all night and when questioned today by weeping relatives, he expressed no emotion over his atrocious crimes.

He has given no evidence whatever of insanity, saying only that Pierson, his uncle, abused him and quarreled with him because he had been driving Pierson's horse in the rain. He still insists that his dead uncle killed his grandmother and that he then killed his uncle out of revenge. He says he is sorry that he killed his wife, but did it because he intended to kill himself and did not want her to live after he was gone.

Aside from having a fiery temper Harvey was not known to have any vicious traits.

KILLED IN INDIANA CYCLONE.

Portland, Ind., May 12.—A cyclone swept over the neighborhood near Upland just after midnight, demolishing the home of David Mong, which was in its track. Eight persons were in the house at the time. Some were carried a quarter of a mile and dropped in fields and not fatally injured. The house of O. L. Walker was torn to pieces and blown away and all the family injured. The victims were: Eva Walker, aged four years, instantly killed; Ina Walker, infant, badly bruised about the head; Mrs. O. L. Walker, bruised and badly injured; O. L. Walker, seriously injured; Jesie Mong, seriously injured; Mrs. David Mong, painfully injured; David Mong, slightly injured. A young man in the family was blown out of the window and into the orchard, a distance of 300 feet, but was not seriously injured. The monster balloon-shaped cloud came from the southwest and took a northeasterly course across the country until near Upland, when it raised from the earth and disappeared.

WOMEN WIN LONG FIGHT.

Kansas City Mo., May 12.—Catholic Knights of America concluded a ten-year fight yesterday when they voted to admit women to membership in the order. Wednesday the resolution proposing this change in the constitution was voted down, failing by thirty-four votes to receive the necessary two-thirds majority. Yesterday there was a complete change of front. At the afternoon's session a reconsideration of Wednesday's action was moved and carried and a vote retaken without debate. The result was a surprising total of 432 votes in favor of the women to 29 against them. The convention greeted the result with tremendous applause. The Illinois delegates voted solidly against the women, casting twenty-seven votes. The other negative votes were from South Carolina and Wisconsin. Though women will be admitted under the amended constitution, they will be permitted to carry but $1,000 insurance, or one-half the amount that is allowed to men. Women will be permitted to join between the ages of eighteen and forty years.

BIG SWINDLING SCHEME.

St. Louis, Mo., May 12.—The arrest of three men who admit that they handled some of the alleged fraudulent paper, develops what appears to be a gigantic swindle in school warrants, in which the names of the president and clerk of the school district No. 2, St. Clair county, Ill., opposite St. Louis, were repeatedly forged. The sum of the alleged fraudulent transactions will aggregate $30,000 and may reach $60,000.

HAD A WARM TIME

CONFEDERATE VETERANS IN LIVELY SESSION.

FEDERAL CARE OF GRAVES.

SOME OLD BITTERNESS COMES TO THE SURFACE.

THE RESOLUTIONS ADOPTED.

PRESIDENT M'KINLEY'S IDEA COMMENDED.

Charleston, S. C., May 12.—The report of the historical committee was read before the confederate veterans at the morning session. The report was adopted.

Robert Lee, jr., grandson of Gen. Robert E. Lee, was introduced to the convention and then Dr. J. L. M. Purdy addressed the gathering, reviewing the conditions that caused the war.

The committtee on resolutions then reported the substitute for the resolution on the federal care of confederate graves, recommending that the "United Confederate Veterans record their sincere appreciation of the utterance of the president of the United Staets in Atlanta in December last, concerning legislation for the care of the graves of our confederate dead by the national government," and declaring that "we shall welcome any legislation which shall result in the care of the graves of our confederate dead by the national government."

Rev. Taylor T. Martin, of Pulaski, Va., spoke against the adoption of the report. He said the veterans had nothing to do with any suggestion from the president and they would never be placed in the attitude of being under obligations to the government that slew southern men. The discussion then grew very bitter and confusion followed.

"There's too much McKinleyism in it," shouted a veteran from the audience.

Various expressions followed this, many of them bitter and sensational. The report was finally adopted with cheers.

Officers of the United Confederate Veterans were elected to-day as follows:

Commander-in-Chief—Gen. John B. Gordon.

Commander of the Department of Northern Virginia—Gen. Wade Hampton.

Commander of the Department of Tennessee—Gen. Stephen D. Lee.

Commander of the Trans-Mississippi Department—Gen. W. L. Cabell.

In accepting General Gordon said there were now confederate camps in Boston, New York, Chicago and Columbus, O.

W. J. Colquitt, of Atlanta, was elected commander-in-chief of the Confederate Veterans. His only opponent was Robert E. Lee, of Virginia.

SOUTHERN BAPTISTS MEET.

Louisville, Ky., May 12.—The forty-fourth Southern Baptist convention was called to order in Warren Memorial church to-day by President Jonathan Haraleson, of Alabama. Nearly a thousand delegates, representing all southern states, were present, while it is estimated that there are 10,000 visitors in the city attracted by the convention. The first business of the convention was the election of officers.

BUILDING PERMITS.

Clerk A. M. Schmidt, of the board of public works, has issued the following building permits:

Mrs. Anna Miles, dwelling on lot 2, Archer's addition; cost, $500.

C. M. Menefee, addition to dwelling on lots 29 and 31, Eliza Hanna's subdivision; cost, $200.

C. M. Menefee, dwelling on lot 36, Eliza Hanna's sub-division; cost, $1,500.

Charles Albersmeyer, dwelling on lot No. 19, McCulloch's second addition; cost, $1,600.

COLORED MURDERER HANGED.

Washington, May 12.—Edward Smith, colored, was hanged in the corridor of the district jail at 12:07 p. m. today. He refused to the last to make any confession of his crime. He had declined until last night to accept any religious condolence, but then consented to see Fathers Matthews and Sullivan. These two priests were with the doomed man all the forenoon today and attended him to the scaffold. Smith was entirely self-possessed until the last moment. The crime for which Smith was executed was the murder of a colored woman named Edmonia Jackson in this city on the 15th of November, 1897.

A CHEWING GUM TRUST.

Detroit, Mich., May 12.—The Evening News will say that a combination of chewing gum manufasturers is being formed, which will include the following firms: W. J. White and Dr. Beman, of Cleveland; the Adams company, of Brooklyn; Kis-Me Gum company, of Louisville, and the Primley company, of Chicago. A Mr. Flint, of New York, is stated to be organizing the combination, which will have a capital of $9,000,000. The headquarters of the new combination will probably be in Cleveland. Dr. Beman, of Cleveland, who is in the city today, would not deny that there was a combination being formed.

ARE ENJOYING THEMSELVES.

CONDUCTORS' CONVENTION AT MT. CLEMENS.

Southern Railway Men Want Recognition on the Official Roster and Are at Work.

Detroit, Mich., May 12.—Fifteen hundred men and women, delegates to the biennial convention of the Order of Railway Conductors and Ladies' Auxiliary and visiting conductors and their wives went to Mt. Clemens to-day by the electric railway line. On their arrival they were welcomed and escorted about the town by the mayor of Mt. Clemens and a citizens' committee. The attendance of conductors from the southern states is especially heavy and the southern conductors are making a strong contest for recognition of the grand officers to be chosen the first of next week. They have united on A. J. Corbitt, of Nashville, Tenn., as the southern candidate for the grand junior conductorship, a Louisville and Nashville conductor. The Iowa, Nebraska, Minnesota and Pennsylvania delegations have also held caucuses on the question of elections. The usual executive session of the grand division was held this afternoon.

YERKES ROBBED OF SILVER.

New York, May 12.—Elijah C. Harvey, a mulatto thirty years of age, who says he is a graduate of an educational institute at Andover, Mass., where he studied for the ministry, was arraigned before Magistrate Wentworth in the Yorkville police court on the charge of burglary. Harvey since his operations in this city seems to have confined himself chiefly to the abodes of millionaires, among them being that of the Chicago street railway magnate, Charles T. Yerkes. He is charged with entering the Yerkes residence on Fifth avenue by the parlor window and taking away an open work silver basket twenty inches in length, sixteen wide and ten inches deep, valued at $1,000. On one side is the monogram of Mrs. Yerkes and on the bottom of the basket the full name "Mary Adelaide Yerkes." Mrs. Fitzpatiick, the housekeeper, says she saw Harvey as he was getting out of the window with the basket.

ANXIETY FOR PROSPECTORS.

San Francisco, May 12.—The barks Alaska, Jane A. Falkenburg and Catherine Suddeen, are being fitted out for Kotzebu Sound, and the steamer Townsend may be added to the fleet. Considerable anxiety prevails regarding the prospectors who have wintered at Kotzebu. Several hundred men were landed there last fall, but no word has been heard from them since the ice closed them in. According to all accounts, provisions are plentiful and there is no fear of starvation. Among the prospectors about to sail for the sound are J. D. Tallant and party.

TOD SLOAN WINS ANOTHER.

LONDON, May 12.—At the first day's racing of the Gatwick Spring meeting to-day Tod Sloan, riding Lord William Beresford's 5-year-old chestnut horse Berzak, won the Alexandria handicap of 1,000 sovereigns. Saint Noel was second and Northern Farmer third. Eight horses ran; six furlongs. The betting was 11 to 8 against Berzak.

CLOTHING NOT LIKE WHISKEY.

It does not grow better with age. Then why not buy Patterson's up-to-date, high grade clothing, when it costs no more than suits "of long ago?"

Gratitude is too often but a fervid expectation of favors to come.

WORKMAN KILLED.

FATAL SLIDE OF A BIG COAL BANK.

FOUR OF THE DEAD FOUND.

FIVE MISSING PROBABLY WERE KILLED.

MEN WERE SCREENING COAL.

A BANK CRUMBLED AND THEY WERE BURIED.

Shamokin, Pa., May 12.—Four men were instantly killed to-day by a slide of a portion of a large coal bank at Centralia. Five others are missing and are probably dead. Several were badly injured. The four bodies recovered were so badly disfigured that it was difficult to identify them. One is thought to be John Gaughan, of Centralia.

The accident occurred while a large number of Hungarians were screening coal in the Centralia breakers. The big bank of coal refuse towered high above, when it was seen to quiver and collapse, completely burying the workmen. A rescuing force immediately started to work and after two hours' labor had succeeded in recovering the four bodies.

Two Hungarians were found wedged in between piles of timbers. Both were badly injured. An investigation was begun as to the number of men at work at the time of the slide, and reports indicate that five men are missing. The work of rescue is being continued in the hope of recovering their bodies, should they have been killed.

PIONEER PASSED AWAY.

Dr. Farcus F. Morse, one of the pioneer physicians of northeastern Indiana, and widely known as a man, died last evening at his home at Angola. Dr. Morse was nearly eighty-five years of age, and his death was due to the infirmities incident to age. Dr. Morse was a native was a native of western New York, and gained his medical education in the eastern universities. Coming to Angola in 1836 he entered upon the practice of his profession, and for many years has been widely known as an able physician, a scholarly gentleman and an estimable citizen. He retired from the active duties of life twenty years ago. Surviving him are his wife by his second marriage and three children by his first marriage. The children are Mrs. R. T. McDonald, of Fort Wayne; Isorah Latson, of Angola, and Dr. Ralph Morse, of Lansing, Mich. The latter is a graduate of the old M. E. college in this city, and is well known in Fort Wayne. Mrs. McDonald reached the bedside of her father a few moments after his death.

WILL ORDAIN DR. BRIGGS.

New York, May 12.—In spite of all the influential opponents of the ordination of Rev. Dr. Briggs, who have let Bishop Potter know how they feel about his proposed advancement to the priesthood, the statement is made positively that the ordination will take place somewhere next Sunday. Direct information from the only authentic source, Bishop Potter, cannot be obtained, but it is expected that today the bishop will announce the church at which the ceremony will be held.

In that case representatives of the opposition to Dr. Briggs will be present to make a formal protest. In support of the statement that Bishop Potter will not be swayed from his purpose, Rev. Dr. J. R. Peters, one of the examining chaplains who recommended Dr. Briggs for the priesthood, is quoted as saying he had not the least doubt that the ceremony would be performed on May 14th. He asserted that there was only one form of protest that could stop it, and that was a charge against the moral character of the applicant. Should such a protest be made, says Dr. Peters, the ceremony would cease.

CHINA RATHER BACKWARD.

Pekin, May 12.—The Chinese government, in acknowledging the receipt of a communication regarding the Anglo-Russian agreement as to spheres of interest in China, expressly declares that the acknowledgment in no wise implies acquiesence. Immediately after communicating the agreement, the Russian minister, M. DeGiers, demanded the right to build a railway connecting the Manchurian system with Pekin. This is regarded as of the utmost importance.

UTAH KIDNEY BEANS.

The Great Kidney and Bladder Remedy.

A certain cure for Bright's Disease Diabetes Dropsy, Stone in Bladder, Gall Stones, Inflammation of Kidneys or Bladder, Incontinence of Urine, Retention in Urine, Sediment in Urine, Scalding Urine, Difficulty in Passing Urine, and Bed-Wetting of Children, Rheumatism, Dropsical Swellings, Pains in the Back, Irritation and Pains in the Bladder, Palpitation of the Heart, Pains under the Shoulder-Blades, Extreme Pains in the Loins, Sallow Complexion, Blotches, Continuous Headache, Great Thirst.

Beware of Liquid Kidney Remedies!

they contain Alcohol. Sick kidneys should not be fed on Alcohol—it aggravates the disease. Utah Kidney Beans are solid; they are concentrated; and they act directly on the kidneys.

Rev. Roland Hull, an eminent clergyman of the Baptist Church, residing at Williamsport, Tennessee, endorses **Utah Kidney Beans** for the great relief his wife received from using them. Rev. Mr. Hull is known from one end of the State of Tennessee to the other, having been in the ministry for over half a century. This good man would not endorse a medicine or anything else unless he knew beyond the shadow of a doubt that it was worthy. Therefore, such endorsements give **Utah Kidney Beans** a standing that no other kidney remedy in the country has. Mrs. Hull received great benefit from the use of **Utah Kidney Beans**; they gave her new strength—and new life. They will lift all sufferers from kidney troubles out of sick beds and restore them to vigorous health. Strength begins to return after the first few doses.

Utah Kidney Beans, made by the Turners of Philadelphia.

WON FROM DAYTON

A GAME RALLY SNATCHED VICTORY FROM DEFEAT.

DONAHUE'S COSTLY ERRORS.

HEAVY HITTING GAME AT OPPORTUNE TIMES.

VISITORS WEAKEN IN THE END.

GLASSCOCK AND BELDEN DID SOME FINE BATTING.

INTERSTATE STANDING.

	Won.	Lost.	Pct
Toledo	10	2	.833
Youngstown	6	4	.600
Mansfield	5	4	.556
New Castle	4	5	.444
Fort Wayne	5	7	.410
Grand Rapids	4	6	.400
Dayton	3	6	.333
Wheeling	3	6	.333

Never was the fickleness of the base ball "fan" more aptly illustrated than yesterday when the Fort Wayne and Dayton teams met at Exhibition park for their first game of the season. In one inning on the tip-toe of expectancy that the game was going to be a clean-cut scientific affair, the next groaning and roasting at the errors of the home team, then resigned to the belief that Glasscock and his assistants were not in it, next complaining of the umpire and five minutes later yelling themselves hoarse at a double by the Fort Wayne infield. Then again wishing that it was all over and within ten minutes hearts leaping with joy at the prospects that the locals might win because they were not quitters and were fighting every inch of the way and then in the lucky eighth howling themselves hoarse when this hope was realized and all chances of defeat had disappeared in a galaxy of errors by the Daytons and some terrific batting by the Fort Waynes. And in the final inning cheering to the echo the final run by Glasscock and the last put-out when Letcher made a pretty run and "cinched" the game by freezing onto Salmon's high fly.

What is the use of telling how it all happened? Fort Wayne was never in the lead until the end was near and then just to show the local lovers of the game that a game was never ended until the last inning was played the home team simply ran away from the spavined "Old Soldiers." Kuehne made an error, so did Hollingsworth; Norcum made two, booting the ball not unlike he must have done in those foot ball games last winter for Columbian college. Bill Letcher muffed a fly, which the base ball editors of all the papers said they could have eaten. But this is base ball. If there wasn't errors the game wouldn't be worth going to see and it is the uncertainty of it that makes it popular. Of course the Fort Waynes are "off" at times, but so are the other fellows, and if the home team doesn't get encouragement here the "fans" cannot expect them to get it in Toledo, and the other Inter-State towns.

The team is weak in the pitcher's box, but in every other position it is as strong as any club in the Interstate league. As fielders the players are not perfect, but as batters they are all A No. 1 and will bat out many a game when the pitcher they are supposed to support is being pounded to the four winds.

Cook commenced the game for Fort Wayne, but coudn't pitch a little bit after an error or two had been made behind him and Manager Glasscock sent him to the bench and Whissen went to the rubber. This change settled the visitors' chances for victory. Eddie Zinram caught in faultless style and Tim Flood played another of those games which have become so common with him. Carter essayed to pitch for the Daytons and he did fairly well until Donahue went in the air and made a trio of errors. Several other Daytonians followed Donahue's example and Carter weakened. Score:

FORT WAYNE.

Two-base hits—Belden, 2; Glasscock, Kuehne, Donahue.

Left on bases—Fort Wayne, 6; Dayton, 7.

Stolen bases—Salmon.

Base hits—Off Cook, 4; off Whissen, 9; off Carter, 15.

First base on balls—Off Whissen, 1; off Carter, 1.

Hit by pitched ball—By Whissen, 1.

Struck out—By Whissen, 3.

Double plays—Hollingsworth to Flood to Glasscock; Zinram to Glasscock; Kuehne to Flood to Glasscock.

Umpire—Mitchell.

Time of game—1:35.

Attendance, 300.

OTHER INTER-STATE GAMES.

TOLEDO, 7; GRAND RAPIDS, 2.

Toledo, O., May 12.—Toledo won easily from the Grand Rapids team in the first game of the series. Altrock was hit hard in the sixth inning, and the remaining four runs were directly attributable to bad support. Wiltse, with much better support, pitched a good game, striking out seven men and keeping the hits well apart. The attendance was fairly good. Score:

Toledo	0	1	1	0	1	3	0	0	1	— 7
G. Rapids	1	0	0	0	0	0	0	0	1	— 2

Hits—Toledo, 14; Grand Rapids, 10. Errors—Toledo, 2; Grand Rapids, 7. Batteries—Arthur and Wiltse; Altrock and Cote.

WHEELING, 4; MANSFIELD, 2.

Mansfield, O., May 12.—After defeating Wheeling three straight on the latter's home grounds, Mansfield returned home and lost to Wheeling, through inability to hit Dolan when hits meant runs, though the game was well played by both sides. The score:

Wheeling	3	0	0	0	0	0	0	0	1	— 4
Mansfield	0	0	0	0	0	0	0	0	2	— 2

Hits—Wheeling, 9; Mansfield, 8. Errors—Wheeling, 2; Mansfield, 3. Batteries—Miller and Belt; Dolan and Hunt.

Y'UNGSTOWN, 7; NEW CASTLE, 4.

Youngstown, O., May 12.—Carney pitched the opening game here and won his second victory from New Castle. Score:

Y'gstown	1	2	2	0	1	1	0	0	0	— 7
N. Castle	0	2	0	0	0	0	0	2	0	— 4

Hits—Youngstown, 17; New Castle, 7. Errors—Youngstown, 1; New Castle, 2. Batteries—Carney and Trost; Figgemeier and Grafflus.

SHAMROCKS AT RICHMOND.

The Shamrocks will play at Richmond Sunday afternoon. Patterson, who was on Fort Wayne's staff of pitchers the early part of the season, will do the slab work for Richmond, and Robbins will pitch for the Shamrocks. Richmond has a fine ball park and a fast team, and has booked some of the fastest independent teams in the country. Besides the Fort Wayne Shamrocks, the Cincinnati Shamrocks, Dayton Clippers, Cincinnati Gems, Indianapolis Reserves, All-Kentuckians, of Covington, are booked to play there.

NOTES OF THE GAME.

Ira Belden did the hardest hitting of the game. He made two pretty two-baggers and a single and another high one caught by Miller was within two feet of the left field fence. But for the wind which carried the ball east it would have counted for a home run.

The first three hits Jack Glasscock made yesterday were pretty singles just over the second baseman's head, but not far enough to be caught by Centerfielder Downey. The last time Glasscock went to bat Downey played in to get one of these hits and Glasscock hit the ball over his head for a two-bagger.

Donahue made a strong bluff in the eighth inning when Umpire Mitchell called Glasscock safe at the plate. The decision was a close one, but Donahue dropped the ball and then made one of his biggest bluffs that the runner was out. Umpire Mitchell told The Sentinel reporter that he would have called Glasscock safe, but when Donahue dropped the ball he saw him do it and there was then no doubt the run counted.

There was never a ball player lived who didn't make errors and many times, too, on the easiest of chances. The "fans" should remember this and instead of "knocking" when a misplay is made, encourage the player by telling him to try again. No person on the lot regrets an error more than the player who makes it. But most base ball "fans" are fickle and this fact was thoroughly demonstrated yesterday. The very persons who were loudest in their condemnation when errors were made talked more about the great rally in the eighth than the quiet "fan" who never did knock.

BASE BALL.

Tomorrow, Dayton vs. Fort Wayne. Game called at 3:30. 10-3t

CRUELLY WRONGED.

And the Devoted Girl Was Bound to Set Her Lover Right.

The shades of night were deepening and the sky was overcast. The devoted girl stood at the casement, watching the rain drops which dotted the white pavement, heralds of the storm which was soon to follow. She knew that very soon a youth would pass on the opposite side of the street—a youth who would wave his hand at her and who would smile to see the flutter of her handkerchief in reply.

Herbert quit work at 5:30.

How the pitiless rain beat down! Soon she saw a figure in the distance. The overcoat was buttoned up to its owner's chin, and the hat was pulled down over his ears, but she recognized the walk. She held the handkerchief in readiness to be fluttered, but he did not pause as usual. With a low cry of joy she saw that he was crossing the street. She ran to fling open the door, and as he ascended the steps exclaimed:

"I knew you would live down these calumnies. Come!"

"Where to?"

"Into the library. I want my father to meet you face to face."

"But I am all wet."

"Yes. Hurry, before you dry off, or he may not believe us. It wasn't twenty minutes ago, Herbert, that he was saying you hadn't sense enough to come in out of the rain, and I want him to see how cruelly he has wronged you."

Cat Dined with the Pope.

The late Czar of Russia was an ardent admirer of cats, and on one occasion, when he was visiting the King of Denmark, he alarmed everyone in the palace by rushing out of the house at a very early hour, because from his window he had seen a big black dog attacking his favorite black cat. Pope Pius IX. had a cat which shared his dinner for years—always coming in with the soup and sitting gravely opposite his holiness in a chair placed there for him. The Pope used to feed him from his own plate, and puss, at the end of the repast, walked out when the dishes were removed. When he died his master remarked: "One Pope dies and another takes his place. So it is with cats."

WHERE DANGER LURKS.

One Person in Every Thousand Killed in New York Yearly.

According to statistics New York is the most dangerous city in the whole world to live in. One in every thousand is killed yearly on the streets of the city. The remark that was passed by a New York Congressman to a member from Texas some years ago that "it takes more sense to go across Broadway than it requires to be elected to Congress in Texas," may have been drawn from the imagination, but there was some truth in it after all.

During 1896, the last year for which figures are accessible, there were more than 2,000 deaths from accident in New York. The injuries received by accident are not recorded, except in the various hospitals, but from calculations made it is figured that the appalling number of 35,000 persons were hurt through one cause or another. The accidents to which the people of New York are subjected are of every conceivable kind. Falls are the occasion of more deaths than any general form of accident. In the year mentioned 385 deaths resulted from falls. These were from windows, down shafts, into areas, down steps, into trenches, etc. The purely street accidents are very numerous and aggregate 221, divided as follows: Killed by street vehicles, 109, killed by railroads, 47; killed by cable cars, 29; killed by elevated railroads, 9; killed by trolley cars, 7; killed by horse cars, 20.

It is less dangerous to go to battle against a determined enemy than to live in New York. It is also much safer for one to ride continuously on our railroads than to run chances of being killed on the streets of the metropolis.

MUCH IN LITTLE.

The eggs of the silkworm are about the size of mustard seeds.

Champagne was first made by monks in the seventeenth century.

Almost all the camphor used by the world comes from Japan and Formosa.

The preparation of human hair for the market gives employment to 7,000 Parisians.

Sixty thousand elephants are annually slaughtered in Africa for the sale of their ivory.

In the sixteenth century fencers held the sword in their right hand and a dagger in the left to ward off blows.

Only one person in fifteen has perfect eyes, the large percentage of defectiveness prevailing among fair-haired people.

Keys of bronze and iron have been found in Greece and Italy dating from at least the seventh century before Christ.

A good Arabian horse will canter in the desert for twenty-four hours in summer and forty-eight in winter without drinking.

An eminent astronomer says that for communication with the inhabitants of Mars we should require a flag as large as Ireland and a pole 500 miles long.

Some Wise Sayings.

It's a wise son who doesn't neglect the education of his parents.

Woman's work is never done—unless she gets some other woman to do it.

Whenever you hear a man refer to life as a lottery the chances are he has drawn a blank.

It's easy to convince the plain woman that handsome is as handsome does.

No man ever allows his whiskers to grow long enough to conceal a diamond pin.

It is only when a man dies that every one of his good qualities comes to the surface.

A man expects other men to show his wife courtesies abroad that he never thinks of showing her at home.

An authority states that a ton of diamonds is worth $35,000,000. Remember this and don't pay a cent more.

The Test of Time.

The lasting qualities of a tooth filling generally mark the difference between good and bad operating. Skillful, careful operating, good material, perfect facilities and plenty of time produce tooth fillings that last. Careless, hurried work, "cheap" skill, tools, and material, all crop out in the test that time puts upon dental work.

Our work has stood the test of time—and won recognition for best merit on a basis of lasting satisfaction.

J. F. Wing was at Wabash yesterday on a business trip.

Walter Rosenthal, of Toledo, was a visitor in the city yesterday.

W. J. Ungemach is at Hartford City on a business expedition.

J. Rothschild, of Terre Haute, is visiting his sister, Mrs. A. Weil.

Mr. and Mrs. George Slater will leave tomorrow for a visit at Altoona, Pa.

Ogden Pierce arrived from Bellevue to-day for a visit with his family.

Miss Emma Buchman has returned from a visit with friends at Columbia City.

Mr. and Mrs. Hugh Wilson have returned from a brief visit at Huntington.

Mrs. John Evans and daughter have returned from a visit with Cincinnati friends.

Mr. and Mrs. George Slater leave to-morrow for a visit with friends at Altoona, Pa.

The family of E. H. McDonald has gone to Rome City for a brief stay at the pretty resort.

Frank Pocock and Ray Doering, of Antwerp, O., are in the city the guests of friends.

Mrs. Bertha Ferckel returns this evening from a six weeks' visit with friends in New York.

Miss Campbell, of Chicago, and Miss Cramer, of Fairbury, Ill., are visiting friends in the city.

Louis Meyer, of Muncie, is in the city assisting in the closing sale of the Friend clothing house.

Miss Carrie Koons, of this city, who has been teaching school at Mapleton, completes her term to-day.

Mr. and Mrs. John Lennert have returned to Decatur after a visit with their daughter, Mrs. D. M. Rice.

Miss Alice Hart has returned from Auburn, where she attended the funeral of the late Mrs. I. M. Johnson.

A false alarm of fire called the fire department to a building on Calhoun street, near Wayne, last evening.

The First Spiritual society will give a social and dance at their hall, 107 Calhoun street, this evening.

Miss Seymour, of Grand Rapids, returned to her home today after a visit of two weeks with Miss Edith Yarnelle.

Mrs. Edith Knapp and baby, of Huntington, and Mrs. Lou Moses, are in Fort Wayne visiting Mrs. A. L. Randall and other friends.

The Ladies' Aid society of the Trinity M. E. church will give a regular bread and cake sale in the back room of the church on Saturday afternoon.

Artie Howell, of 39 Miner street, was run into by another cyclist at the corner of Main and Calhoun streets yesterday and Howell's wheel was wrecked.

A happy party of nearly thirty cyclists went to New Haven last evening. The party was given by Miss Flause Weldon in honor of Ernest Barrows, of Chicago.

The City band will have rehearsal this evening. Several members of the old First Regiment band, which went out of existence some time ago, are joining the City organization.

Mrs. Will Leedy and two children are in Auburn visiting with relatives. Tomorrow they go to Coldwater, Mich., to visit Mrs. Leedy's brothers, Frank and George Shugars.

Mayor Scherer swore in Louis Reiter and David Kosher as firemen. They will drive the teams in the new engine houses and may be put to work any day. Fire Chief Hilbrecht is on the hunt for satisfactory teams.

Very Rev. John Guendling, of this city, will officiate at the laying of the corner stone of a new Catholic church at Nix, in Whitley county, May 28. Addresses will be delivered by Rev. H. F. J. Kroll, of this city, and Rev. A. Ellering, of Columbia City.

B. E. Hayes, of Logansport, is in the city for the purpose of organizing a lodge of the Order of American Plowmen, a new fraternal insurance society. He has already secured more than sixty members, and will institute the society when one hundred are secured.

Park Superintendent Goers had intended erecting a tool chest in Reservoir park. Residents in the neighborhood of the park objected and this morning Mayor Scherer gave orders that no building should be erected. Instead, a near-by barn was rented and will be used during the summer months.

The last meeting of the Society of Art for the season was held last evening at the home of Dr. and Mrs. A. E. Buison. Mrs. Robertson gave a delightful lecture on "Figure and Portrait Painters." There was a very large attendance and the ladies enjoyed a pleasant social time at the close of the session. Ices and small cakes were served in the dining room, which was prettily decorated with [illegible] and sweet peas.

Prof. Bona left last evening for Washington.

Ben Elliott, of Baltimore, is calling on friends in the city.

Mrs. Charles Payson, of Huntington, is visiting in the city.

Miss Lenore Horton, of Bluffton, visited in Fort Wayne yesterday.

Mrs. Thomas Kintz, of Huntington, visited in Fort Wayne yesterday afternoon.

Dr. R. F. Frost, of Huntington, was in Fort Wayne today on professional business.

J. M. E. Riedel has sold his fine Irish setter dog to a Mr. Wells, of Idaho, who is in the city.

WILL OPEN EARLIER.

The recent rains have greatly freshened and beautified Robison park, and in view of the promising weather the management has decided to open the park formally on Sunday, May 21, one week earlier than has been announced. The theatre will open on that date with an excellent vaudeville program, and there will be numerous other attractions for the visitor seeking rest and pleasure at the popular summer resort.

BOARD OF WORKS.

K. J. Bauer and thirteen others filed a remonstrance with the board of works last evening against the paving of Main street, from Harrison to Barr. The remonstrants ask for delay because of the uncompleted condition of the court house and assert that chances are that several new buildings are to be erected on the street this summer. The remonstrance was received and placed on file.

August Blum objected to the opening of an alley along the east line of Barnett's outlot, owing to what he deemed an inadequate assessment of benefits. The matter was postponed until June 8.

The assessment rolls were approved for the vacation of eight feet on either side of Nelson street, for a sewer in the alley between Reed and Winter streets, from the alley north of Creighton avenue to Greene street, and for a sewer in the alley between Force and John streets, from Pontiac to Colerick street, were approved and the work accepted.

Plans were ordered for a sewer in the alley between Fairmount Place and High street, a petition for the work having been filed by J. H. Hunsche and others.

The engineer was also instructed to prepare plans for grading College street, from Wayne street to Berry; for constructing sidewalks on the west side of College street, and for grading the alley south of Berry street, from College to Nelson.

Frank Alderman appeared and urged the board to hasten the opening of Boltz and Leith streets, from their present termini to Lafayette street. The work will be undertaken as soon as feasible.

NOTICE.

Next Monday, May 15,

A representative of Walter Buhl & Co., the celebrated furriers, will be at our store to take orders for new fur garments for fall delivery and give estimates on repair work.
A great saving guaranteed.

KING COFFEE

Caused Weak Heart and Other Trouble.

Our family is a large one and we have all been greatly helped and benefited by the dismissal of coffee and the daily use of Postum Food Coffee. I formerly had a very weak heart that troubled me greatly, and the trouble was gradually getting worse while I was using coffee.
I also had frequent headaches and sleepless nights. These have all gone since the drug (and one may well call coffee a drug) has been dismissed. A neighbor, Mr. A. Woodruff, was a confirmed dyspeptic for years until he quit coffee and began to use Postum. Now he is entirely cured and thanks Postum for it. Mrs. M. Munson and Mr. D. S. Barclay, friends, have found great relief from leaving off coffee and using Postum Food Coffee.
I have made many inquries among quite a list of persons who have been using Postum, and always find good accounts where it has been prepared properly. You cannot impress that point to strongly on the people where they once make a trial of Postum, for if it is not thoroughly boiled, it has a flat taste and that drives them away from it, whereas, if they only knew how delicious it is when well made and how their health would be improved by its use, they would do almost any way to insure getting good Postum. I can send you a long list of names of those who really know how to make Postum and use it every day, if you care for them. M. E. Woodruff, 353 Crescent Ave., Grand Rapids, Mich.

WATCHES FREE

To boys for selling "Wisdom" to their friends. Easy to sell because everybody needs it. Apply at once to the following grocers:

Hartman Bros.
Waltemath & Sons.
Jacob Hartman.

F. G. Meyers. 11-3t

D. J. SHAW,

On account of the fire, has removed his grocery to No. 20 West Main street, 2nd door west of Karn Bros.' meat market, where he will be pleased to see all of his old customers and friends. A special sale will be had on Saturday of a job lot of canned fruit with smoked labels. The lot consists of Beans, Peas, Corn, Tomatoes, Peaches, etc.; your choice for 7c per can, or 4 for 25c. These goods are worth from 10c to 15c per can. Come early and take your choice.

ATTENTION, RAILROAD MEN.

On Friday, May 19, Rev. T. J. Johnson, pastor of Simpson M. E. Church, will deliver a lecture in Wayne street M. E. Church to the railroad men on "Signals." The lecture is for the benefit of Simpson M. E. Church. About 500 tickets have been sold up to this time. We urge the public to attend, but especially hope to see a large attendance of the railroad men and their families. Admission, 25 cents. 12-2t

SPECIAL.

Saturday we will sell Wayne Knit 25c hose for 13c.

FRIENDS' CLOTHING STORE.

A VALUABLE TIP

For Ten Cent Cigar Smokers.

The Puerto Angel, Coony Bayer's ten cent straight cigar, which has never been talked of or advertised to any extent, is so much superior to the ordinary ten cent goods that you will be astonished when you smoke one. The Angel is a large size cigar and the quality extremely fine; equal to any fifteen cent cigar on the market. The merits of this cigar have been selling it and the demand for them is greatly increasing.
Mostly all first-class dealers handle them. 11-13

KNOW YOUR FUTURE

Madam De Carson, the noted Clairvoyant and Magnetic Healer, has removed to 38 Ewing street, between Berry and Main. Come and see her; only 25c, 50c and $1.00. 9-5t*

Keystone Dramatic Company in Repertoire.

CANADA has apparently forgiven everything to Rudyard Kipling, author of "Our Lady of the Snows," and McGill university, of Montreal, is going to confer upon him the degree of LL. D.

WHEN Admiral Dewey learns that every community in the country from Gotham to Podunk is preparing to give him a noisy salute, a reception and a dinner, he will doubtless conclude to remain in Manila.

NONE of the reports of the suffering, hardship and starvation in the Klondike give so clear an idea of the terrible situation as the brief bulletin from Chief Commissary McCain at Vancouver Barracks, which has been so ostentatiously posted in Washington by Secretary Alger, to the effect that there is a demand at Rampart City and at Circle City, Alaska, for canned roast beef.

MISS MARGUERITE E. LINDLEY, of Cleveland, indignantly denies that she ever said there ought to be a law against kissing. Neither did she say that she never allowed allowed anyone to kiss her. The information is gratifying and will, no doubt, be especially welcome to Miss Lindley's admirers. That a law ought to be passed prohibiting promiscuous kissing by women whenever they meet some people will be disposed to concede, but on the other hand such kisses must be admitted to be the most innocuous in the whole classification of the osculatory list. Doctors may go to the record as much as they please in condemnation of the kissing habit on the "germ" or any other theory, but they can't prevent it.

THE navy department has issued orders detaching Rear Admiral Watson from command of the Mare Island navy yard and ordering him to report to Admiral Dewey at Manila, so as to relieve that officer when he desires to start for home. It is not known when the admiral will leave Manila, but is assumed that he will not start until the Philippine commission, of which he is a member, has to some extent, at least, completed its work. The selection of Rear Admiral Watson is an excellent one, if his long and creditable career in the service be index of his worth. The task ahead of him in the Philippines will be the more difficult because he succeeds a man of Dewey's resplendent reputation. He will have the choice of two flagships from which to display his pennant, the cruiser Baltimore and the battleship Oregon being both provided with quarters for a fleet commander and his staff. Meanwhile it is to be observed that the Dewey dinner plans are somewhat vague and premature. The fact is becoming recognized that what the Admiral chiefly desires is to be let alone. Those who have been planning all sorts of receptions to him no doubt mean well, but not in all instances do they display good taste.

NORTHERN INDIANA NOTES.

M. D. Smith, a former Noble county man, and a graduate of Oberlin college, has been engaged as principal of the Waterloo high school for next year.

Postmaster Lytle, of Valparaiso, after waiting thirty-four years, Monday received a check from Uncle Sam for $15.13, balance due him for services as captain in the late war.

Clem Zimmerman, of Warren, Huntington county, while felling a tree, was struck by a limb and killed. Last summer his brother, Wash Zimmerman, lost his life by a log rolling over him.

Jesse H. Dowell, president of the Hartford City Gas company, and one of the wealthiest citizens, died Thursday morning. He was sixty-six years old, and a resident of Blackford county since 1850.

The third annual commencement of the Noble county schools will be held in Albion on Thursday, May 25th. James Clement Ambrose, of Evansville, Ill., will deliver the principal address, his subject being "The Sham Family."

Gas City will hereafter be known as the town of poplars. In compliance with an order of the city council 8,000 shade trees are being set out by the property owners. North Carolina poplars were adopted and are of a uniform size, and fifteen feet and six inches apart. Post hole diggers are in great demand in Gas City.

Lee Helsel, a well known citizen of Columbia City, met a tragic death Wednesday evening while out driving with his wife. His horse became frightened and began to kick over the dashboard. It is thought Mr. Helsel was struck by the animal's hoofs, though no marks of external injury were found. He died in his wife's arms in the carriage.

OHIO HONORS DEAD SON.

Memorial Services for First American Killed in Spanish War.

CLYDE, Ohio, May 12.—Impressive memorial services were held yesterday in honor of George Burton Meeks, who was a sailor on the United States gunboat Winslow and the first American killed in the war with Spain.

Meeks was killed one year ago yesterday. His grave is near that of Major General James B. McPherson.

Governor Bushnell, accompanied by Adjutant General Axline, Assistant Adjutant General Kingsley, Judge Advocate General J. Kent Hamilton, Quartermaster General W. H. Orr, Colonels Brewer, Cooksley, Knox and other members of his staff, was present; also state officers and distinguished guests from all parts of the state.

After the parade Senator J. B. Foraker delivered the funeral oration. Tributes to Sailor Meeks as a representative of Ohio men in the war were also delivered by Lieutenant Governor Jones, Congressman Norton and State Senator Mitchell.

Miss Lillian Sanders celebrated the twelfth anniversary of her birth yesterday by entertaining a number of her school friends.

LOCAL NEWS.

Norman Olds has accepted the position of tenor soloist in the Third Presbyterian choir.

In the superior court this morning Judge Hench rendered judgment for $47.77 in favor of plaintiff in the case of Bell vs. Johnson.

G. H. Krudop has completed laying a brick sidewalk along the entire frontage of his coal yard, corner of Francis and Hayden streets.

Loran D. Ward, traveling agent for the Berghoff Brewing company, has been confined to his home for the last two weeks with a severe case of rheumatism.

Two scorchers collided on Garden street last evening and both were thrown to the ground. The men were considerably scratched and the wheels almost completely demolished.

A plan has been adopted to form a league in this city. Boys from fourteen to seventeen are supposed to be in it. All teams wishing admittance must send representatives to the Arcade tomorrow at 3 p. m.

Referee Chapin is today hearing evidence in the case of Wehrmberg & Busching against the Fort Wayne Electric corporation. H. C. Hanna and G. W. Felts represent plaintiffs and W. J. Vesey appears for defendant.

The Brothers school team defeated the New Haven Specials by a score of 12 to 8. After the game the Brothers' school team marched to the Dowling homestead where a delicious supper was served in honor of the victory won.

The members of the Fort Wayne Bicycle club will go to Decatur on Sunday morning, starting from Niemann's, corner of Jefferson and Calhoun streets, at 9:30. A cordial invitation is extended to the wheelmen of the city to accompany them.

Superintendent of Police Gorsline has received a letter from Superintendent Charlton, of the Plainfield Reformed school, asking him to recommend a young musician who can lead the school band. The man must be unmarried, and neither drink, smoke nor swear.

The five-year-old son of Peter Nichter, of 22 Swinney avenue, sustained a severe injury to his hip yesterday. He was playing with a number of companions in the yard and had climbed on to the fence when he lost his hold and fell to the ground. A doctor was summoned who attended to the little fellow's injuries.

Dr. Frank W. Gavin has returned to the city, after completing an eight months' post graduate course in the hospitals of New York city. He has decided to locate at Canton, Ohio, and has already secured offices there for the practice of his profession. Mr. Gavin is a native of this city and his entire life has been spent here. He will carry the good wishes of our citizens to his new home.

PLUCKY KANSAS GIRL.

A Nurse Who Passed Cartridges to Volunteers in the Trenches.

A real daughter of the regiment is Miss Olivia O'Brien, the Topeka girl who has not only nursed the Kansas soldiers in the hospitals, but has gone into the trenches with them when they fought the Filipinos. Private W. S. Cooper of Company K, in writing home to his parents in Ottawa, Kan., says in the course of his story about the fighting before Manila: "There was a lady nurse in the trenches with us that night. She sat right next to me, and every time I took a shot she had another cartridge ready for me."

This was Miss O'Brien. She comes from a fighting family as well as from a fighting race, for she was born and reared in the regular army. Her birthplace was Camp Harney, Or. She is the daughter of the late Captain John Smythe, who died at an army post in Arizona when Olivia was a wee bit of a

MISS OLIVIA O'BRIEN.

girl. Her mother later married Captain O'Brien, a surgeon in the regular army, and Olivia took her stepfather's name.

Miss O'Brien left Topeka last November to visit the family of Major Pollock, a retired army officer, now living in San Francisco. While in San Francisco Colonel and Mrs. Stotsenburg of Nebraska passed through on their way to the Philippines and prevailed upon Miss O'Brien to accompany them. Colonel Stotsenburg was recently killed. The party left San Francisco on the Coptic Nov. 29 and arrived at Manila Dec. 31. In a letter to her mother since the Filipino war broke out Miss O'Brien says that she and Mrs. Stotsenburg were at a circus with other friends on the night of the first battle around Manila. When she got home, she said, the bullets were whistling around everywhere, and several entered the windows of her room. She slept on the floor that night to avoid flying bullets.

The next day, she said, the ambulances were kept busy carrying the wounded to the hospitals and the dead to the cemetery. In the afternoon of that day she started for Colonel Stotsenburg's headquarters at the front, but had to return on account of rebel sharpshooters. At the second engagement, the one before Caloocan, she and Mrs. Stotsenburg lay in the trenches with the Kansas troops one entire day and night. It was on this occasion that Miss O'Brien helped in earnest to fight her country's battles by passing cartridges to Private Cooper. After her return to Manila Miss O'Brien began regular work in the hospitals and has been at it since.

FLORIDA'S SENATOR.

He Is a Wealthy Business Man and New to Politics.

James P. Taliaferro, the new senator elect from Florida, is new to national politics. He is now a member of the Florida state board of health and has served as chairman of the state Democratic executive committee, but other than these positions he has never held public office. He is, however, a very successful business man. He is president of the First National bank of Tampa and vice president of the corporation which conducts the leading

SENATOR ELECT JAMES P. TALIAFERRO.

wholesale grocery business of the state. Besides this he is connected with other large commercial enterprises.

Mr. Taliaferro is a native of Virginia and comes from that branch of the well known Taliaferro family which originally lived on the plantations around Orange Court House. As a boy he entered the Confederate army and served during the civil war as a private. Afterward he went to Jacksonville and began with almost no capital at all to build up a fortune. He engaged in the lumbering and sawmill business and made money fast. Now he is very wealthy. The new senator elect is 51 years of age.

In obtaining the first report of a battle on one occasion, General Wheeler happened to be in the hospital tent, where doctors and nurses were making their rounds.

"How many were killed?" he asked as he started out toward his own quarters.

"One hundred and five," replied a nurse.

"What a slaughter! How did it happen?"

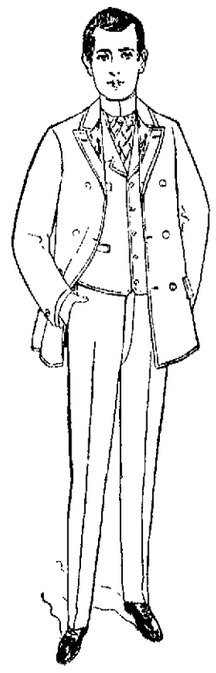
"I am speaking to the doctor of my patient's temperature, general, not of the battle," smilingly replied the Red Cross nurse.

BLUE SERGE

IS THE FAD.

"Everybody is going to wear Blue Serge Suits this summer." The "tip" came to us "straight" and in time for us to buy largely and get first pickings. We never do anything by halves. We secured EVERYTHING in Blue Serges—different qualities—to sell at

$8.00,
$10.00,
$15.00.



Both styles of sack coats, skeleton-lined. The very swell double-breasted sacks, silk-faced to the buttonhole. You might go to a merchant tailor for some kind of a suit, but never for a

Blue Serge

After a sight of these.

IS DIGGING GOLD IN ALASKA.

ED OHNECK WRITES FROM THE LAND OF GOLD.

An Interesting Letter Detailing the Experiences of a Prospector in Alaska.

Mr. and Mrs. George D. Ohneck have just received an interesting letter from their son Ed, now in the Alaskan gold fields. The letter bears date of Fort Cudahy, March 3d. He says he has just received a letter from home dated October 19, last year, and indicates some perplexity that it should have been so many months in reaching him. He expresses great pleasure and pride over the fact that his sister, Miss Velma Ohneck, had reigned as queen of the carnival, which took place but a few days before the letter from his parents was written. He says his health is good and that the word from home had put him in good spirits. After dealing with some private matters, the letter continues as follows:

"Have been sinking on Clinton creek. No results yet. This is a very slow process of mining; have to put in a fire, let it burn all day and clean it out in the evening, then put in another fire and let it burn all night. Sometimes we gain about fourteen inches to a fire, but from six to eight inches is the average. It takes lots of time to sink a hole, and lots of wood. In fact, most of the work is cutting wood and wading around in the snow after it.

"Most of the pay dirt is found on bedrock, and the depth varies, some places it being very shallow, only two or three feet. Holes have been sunk 250 feet before bedrock was reached. It was frozen solid and had to be thawed all the way down. Some bench claims on steep ridges can be worked without fire. The ground was never damp. The surface water is well drained, so that it won't penetrate over five or six feet, but it is very rare. It is really discouraging to sink a hole thirty or forty feet to bedrock and find it barren; then sink another hole, and so on, cross-cutting and prospecting the full claim. It is expensive work, too much so for a poor man, for progress is so slow and provisions high.

"The climate is not bad—nothing to what I expected. I have suffered more from cold in Colorado and Wyoming than I have in Alaska. Of course the thermometer goes down to 60 and 70 degrees at times, but it is a still cold, and no wind. It is deceiving and treacherous, and will freeze any exposed part in a few minutes. Hundreds of people on the 1898 rush are going home minus hands, feet, ears or nose; some have had their chin and cheek frozen, but it was all due to carelessness. As long as clothes are kept dry there is no danger. We lived in a tent 10x12 with a small sheet iron stove all winter. The worst feature of the winter is the short days. During the shortest days it does not get light until about 11 a. m., and is dark at 3 p. m. It is impossible to do any work without a light, as much so as it is in Indiana. Of course when there is a bright moon it is a great help—so it is in any country. The Aurora Borealis, or northern lights, that we read so much about, don't help any in this section. Occasionally we can see the light yellow streaks in the northern sky, but it don't give any light until you get farther north.

"We are having very mild weather now and it will not be long before the snow and ice will disappear, and then comes the most dreaded season in Alaska, summer—mosquitos and gnats—goodness, I dread to think about them. You can't have the least idea what they are. Seventy degrees below zero is nothing to compare with them, and there is no way of dodging them. The air is sultry and terrible hot and a mosquito net over the head is suffocating. One imagines that he has a fifteen pound blanket wound around his head and can't breathe through it. As soon as the net is adjusted in good shape around the head a desire to spit, or to scratch the nose, makes it necessary to open it, then it will fill up with mosquitos and gnats, and so it goes—a continual round of pleasure. It is equally as bad at night. I have crawled down to the very bottom of my sleeping bag and filled the mouth of it up with blankets, still they would hum around.

"It is next to impossible to do any prospecting here during the summer, except on the creeks. As soon as you leave the creek you strike the moss, which is from one to three feet deep and always wet. The formation of the country is only exposed along the river where the river has cut through. I have found some good quartz floe along the banks, showing that there are some quartz ledges somewhere, but it will be a hard matter to locate them. I intend to spend a month or two this summer trying to trace them.

"I understand that the Klondike boom has about subsided in the states. I am glad of this, for this is no place for thousands of inexperienced people to rush to. It is too far away from home and the country can't support them. There is no work to be had at any wages and it's pretty hard for an experienced miner to pick a grub stake off of these much worked over bars.

"I wish you would send me some reading matter this summer, so that I will have something to read and trade next winter—magazines and papers. You will have to send them in small packages and register them, or I will never get them. I haven't seen any package or paper come through the mail (except registered mail); nothing but letters come through straight—first class.

"I am baking bread this afternoon; the oven is so small I can only bake one loaf at a time; it takes all afternoon to bake eight loaves.

"I will close now, with love to all.

"Your loving son,

"ED."

CLOSE EARLY SATURDAYS.

A number of wholesale dealers in this city have entered into an agreement to close their places of business on Saturday afternoons from 12:30 from May 1st to October 1st. The object of this is to give their employes a half holiday each week during the warm season, and it is a boon the employes will highly appreciate. The Saturday afternoon closing movement is becoming more general in Fort Wayne each year and more dealers have signed this year than in any preceding year. Following is a list of the dealers who have signed the agreement: G. E. Bursley & Co., Fisher Bros., A. H. Perfect & Co., Fox Bakery, W. L. Carnahan Co., Chas. Falk & Co., James Armstrong, E. H. Coombs, Mossman, Yarnelle & Co., Wayne Baking Co., Fort Wayne Drug Co., Becker Paper Co., Julius Nathan & Co. From the first of June to the first of September, Moellering Bros. & Millard.

A number of bicycle tires came to grief on East Columbia street, near the Nickel Plate tracks last evening. Someone had carelessly thrown pieces of a broken bottles on the street, and having a large new plate glass front tance. Parts of Barr and West Main streets were also littered with small bits of broken glass. The police are on the lookout for offenders of this kind.

Mothers be sure and use "Mrs. Winslow's Soothing Syrup" for your children while cutting teeth. It is the best remedy of all. MaySeod&w.

GREETS FORMER COMRADES.

FIRST GATHERING OF STUDEBAKER'S TIGERS.

Boys of the One Hundred and Fifty-Seventh Regiment Meet at South Bend.

Tippecanoe place, the palatial home of Col. George M. Studebaker at South Bend, held out a warm welcome to the officers and men of the 157th regiment Wednesday, on the occasion of the first anniversary of the regiment's muster into the United States service. There were members of every company in the regiment present, and the soldier boys were met at the incoming trains by a reception committee from company F and escorted to the rink, which was made headquarters for the day. From here, in a fast-falling rain, the young soldiers marched amid hearty cheers to the castle-like home on the spacious grounds of Tippecanoe Place, and it was a hearty welcome they received from Col. Studebaker as they entered that magnificent home. The speeches were made in the large reception hall, and here were displayed the handsome loving cup presented to Col. Studebaker and the sword for Lieutenant Colonel May, both being the gifts of their former comrades. Preliminary to the program was the rendition of patriotic selections by the orchestra, and there was a general renewal of camp life associations and acquaintance by the soldiers in an informal manner.

The program of speeches began about 8:30 o'clock, and the more notable of these were the welcome by Colonel Studebaker, "The 157th," by Captain Gilbert, of Angola; "Our Former Militia," by Capt. C. B. Vanpelt; "Our City's Pride," by Fred A. Miller; "The Rejected Patriots," by C. N. Fassett; "Our Departed Comrades," by Chaplain Medbury, of Angola; "Our Successors," by Judge T. E. Howard; "Patriotism," by Hon J. B. Stoll; "Our Flag," by Hon. George E. Clarke, and the address of Governor Mount. The speeches throughout were most appropriate, and were received warmly. The regiment presented Chaplain Medbury a handsome easy chair.

At the conclusion of the speech-making luncheon was announced and in relays of about 85 each the boys were served an elaborate luncheon in the spacious billiard room and dining room. Here the pretty decorations presented a rich effect, and the former "tigers" did ample justice to the spread. Cigars were then distributed and another season of social visitation preceded the close of the reunion.

Fort Wayne contributed two companies—B and G—to the 157th regiment, and representatives from each were present. They returned yesterday and report a most enjoyable gathering.

ELECTED OFFICERS.

The recently appointed executive committee of the Associated Charities held a meeting yesterday afternoon and elected the following officers: President, Mrs. Helen F. Guild; vice president, E. A.K. Hackett; secretary, Rabbi Frederick Cohn; treasurer, J. D. Bond. Miss Sybil Stevens, of Logansport, was at the meeting and spoke on the subject of establishing a free kindergarten in connection with the Associated Charities. The institution will be encouraged by the committee, and Miss Stevens will study the prospects. There was no definite action taken in the matter, however.

STATUE OF GEN. HARTRANFT.

IS UNVEILED WITH MILITARY CEREMONIES.

Distinguished Guests Do Honor to One of the Heroes of the Great Civil War.

HARTRANFT.

Harrisburg, Pa., May 12.—The equestrian statue of Major General John F. Hartranft in Capitol park was unveiled with impressive ceremonies this afternoon in the presence of a large concourse of people. These exercises were followed by a parade in which the survivors of the Third division of the Ninth army corps, commanded by General Hartranft in the civil war, had the right of line. The procession also included the Ninth regiment of immunes from Camp Meade, a provisional brigade of the national guards, the Grand Army of the Republic posts and the Sons of Veterans camps of Harrisburg and vicinity and the Harrisburg fire department.

Following a reunion of the survivors of the Fifty-first regiment, Pennsylvania volunteers, of which Hartranft was colonel, the old soldiers marched to the executive mansion to pay their respects to Mrs. Hartranft and her two sons and daughters, who are the guests of Governor and Mrs. Stone.

The feature of the day's exercises was the unveiling ceremonies, at which there were present many of the survivors of General Hartranft's division and distinguished soldiers and statesmen.

President and Mrs. McKinley were expected to be present, but they could not come on account of the condition of the president's health.

Postmaster General Smith, Secretary of War Alger and Adjutant General Corbin were present to do honor to the hero of Fort Steadman. Another guest of honor was Gen. H. Kyd Douglass, of Hagerstown, an aide on the staff of Gen. Stonewall Jackson.

The statue was designed by F. Wellington Ruckstuhl, of New York, and is regarded as one of the most artistic and life-like equestrian statues in this country. It represents General Hartranft, returning from war, receiving the plaudits of the people. The monument was erected last November, but owing to the absence of many Pennsylvania troops on account of the Spanish-American war the unveiling ceremonies were postponed until today.

The exercises opened with music by the Carlisle Indian band. The statue was unveiled by Miss Leonora Embick, daughter of ex-Representative M. A. Embick, of Boiling Springs, a member of the Hartranft division.

Maj. Isaac B. Brown, deputy secretary of internal affairs, followed with an oration, in which he paid a high tribute to General Hartranft as a soldier and statesman. Major Brown served under Hartranft. Referring to the crowning military event of General Hartranft's career, his capture of Fort Steadman, he said:

"In the fortunes of war it fell to Hartranft to meet, check and repulse the last grand offensive movement of Lee's army in Northern Virginia. The confederate general, Gordon, under the cover of darkness on that early March morning in 1865 moved upon Fort Steadman and adjacent fortifications, killing, wounding, capturing or driving precipitately the troops that occupied them. Orders were heralded from corps headquarters for Hartranft to immediately recapture Fort Steadman. The movement was about to begin when an order directing a delay was received. Hartranft knew the time for him to move had arrived and he disregarded the delay orders. He was lauded by corps and army commanders, by congress and by the president and was immediately brevetted a major general of volunteers."

The statue was presented to the state by Dr. J. E. VanCamp, of Carlisle, and was received in a short speech by Governor Stone. The ceremonies closed with music by the Stelton band.

GREAT PEACE JUBILEE.

For Three Days Washington Will Hold High Carnival.

CELEBRATION BEGINS MAY 23.

Affair Will Voice the Nation's Joy That War Is Done and Express National Pride in the Deeds of Its Army and Navy.

Washington is to celebrate the return of peace by a grand jubilee. Beginning May 23 the capital city of the nation will indulge in three days of high carnival. Into this trio of holidays will be packed much that the American citizen enjoys.

There will be parades, of course, but these will not be of the stereotyped or-

FIREWORKS ON MONUMENT GROUNDS.

der. There will be extensive pyrotechnic displays. Gunpowder will be burned in the most startling way. Then there will be a rousing carnival.

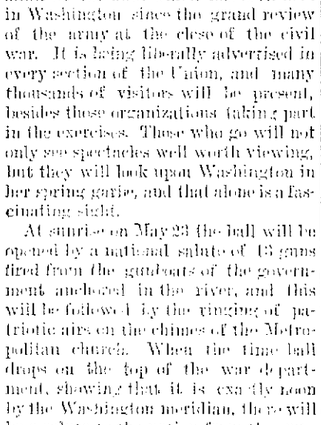
It has been the aim of the committee in charge to introduce in this three day jubilee some of the most popular features of other celebrations. Ideas have been borrowed from the peace jubilees of Chicago and Philadelphia, from the New Orleans Mardi Gras and from the flower carnivals of California.

The citizens of Washington are going to spend about $50,000. Congress not being in session, they will have to do with it an appropriation from the federal treasury. But this will be made up by the generous action of various national departments in lending the presence of soldiers, sailors and warships.

It is expected that the peace jubilee will be the most important and biggest affair of the kind which has been held in Washington since the grand review of the army at the close of the civil war. It is being liberally advertised in every section of the Union, and many thousands of visitors will be present, besides those organizations taking part in the exercises. Those who go will not only see spectacles well worth viewing, but they will look upon Washington in her spring garbs, and that alone is a fascinating sight.

At sunrise on May 23 the ball will be opened by a national salute of 13 guns fired from the gunboats of the government anchored in the river, and this will be followed by the ringing of patriotic airs on the chimes of the Metropolitan church. When the time ball drops on the top of the war department, showing that it is exactly noon by the Washington meridian, there will be a salute to the nation from the gunboats and the cannon at the arsenal grounds and at Fort Myer. Thus the army and navy will combine to welcome and do honor to your Uncle Sam.

At 2 in the afternoon will begin the big military and naval parade. This will be composed of organizations from all over the country. Among those expected are the famous Richmond How-



A FEATURE OF THE PARADE.

itzers, the Charleston Blues and the Chinese organization from Philadelphia, as well as the noted City Troop of the Quaker town.

The strip of avenue separating the White House from Lafayette square will be converted into a court of honor, constructed after designs purely original. As the great pageant marches through this space it will pass beneath three triumphal arches, each of which, it is proposed, will consist of a stack of three colossal muskets, 60 feet high, represented with bayonets fixed and bolts thrown on.

Midway in the space the president will review the procession from a stand which, unless present expectations fail, is to be a facsimile of the prow of a vessel of war extending from the fence of the executive park outward to the curb of the wide pavement fronting it. To add realistic effect a turret and fighting top will tower from the rear of the deck, made spacious enough for the chairs of a large party.

In the evening a display of fireworks will be given on the Monument grounds, which are back of the White lot, the tall white shaft forming a kind of nucleus around which the operations will center. The grounds will hold 50,000 people, and the pyrotechnics will be visible in the states of Virginia and Maryland.

The most attractive features will be the huge set pieces, which will be built on a stage over 300 feet long. A huge flag of colored fire nearly 400 feet long will be shot 1,000 feet in the air by means of a balloon by way of opening the entertainment, and this will be followed by a presentation of the famous fight up the San Juan hill last July, when the rough riders met such a severe loss.

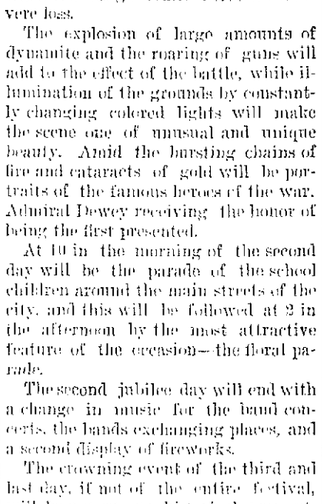
The explosion of large amounts of dynamite and the roaring of guns will add to the effect of the battle, while illumination of the grounds by constantly changing colored lights will make the scene one of unusual and unique beauty. Amid the bursting chains of fire and cataracts of gold will be portraits of the famous heroes of the war. Admiral Dewey receiving the honor of being the first presented.

At 10 in the morning of the second day will be the parade of the school children around the main streets of the city, and this will be followed at 2 in the afternoon by the most attractive feature of the occasion—the floral parade.

The second jubilee day will end with a change in music for the band concerts, the bands exchanging places, and a second display of fireworks.

The crowning event of the third and last day, if not of the entire festival, will be a gorgeous historical pageant, requiring hundreds of soldiers, sailors and horses. It will be a representation, in chronological order, of the great war epochs of our history. The tableaux are to be composed only of well trained men, the moving characters by others experienced in military drill.

Following a few floats devoted to the exploits of Columbus will appear Revolutionary soldiers, bearing the war flags of their period, conspicuously the "Don't Tread on Me," the "Liberty or Death!" the Bunker Hill flag, the "Royal Savage," and others. General Washington and his Revolutionary staff, mounted, will be followed by Morgan riflemen, in their green hunting jackets,



THE REVIEWING STAND.

brown breeches, leggings, gingham shirts, powder horns, flint locks and wigs.

There will also be in line detachments of Revolutionary infantry, artillery and sailors. A conspicuous feature of this epoch's display will be a moving reproduction of the celebrated picture, "The Spirit of '76." The Revolutionary period will be concluded by a large float representing Washington crossing the Delaware.

The second tableau, "Victory," will represent the capture of the Spanish blockhouse on San Juan hill, with Colonel Theodore Roosevelt represented in the foreground urging his men on. Following this will come a detail of regulars and volunteers in the uniforms and equipments worn and in the same dilapidated appearance presented when they left their transports for a march home.

The concluding tableau float, "Peace," will show the peaceful fireside of a one armed veteran relating the details of his late war experiences to his family, while the angel of peace standing upon his threshold proclaims "Peace on earth, good will to man!"

After the usual display of fireworks and band concerts the great three days festival will be concluded by what will be known as the jubilee revelries, in Convention hall, one of the largest single floor spaces in the world.

It may occur to the visitor that much of the display will be rather martial for a peace jubilee; but it must be remembered that while this celebration will express the joy of the nation over the return of peace, it will also furnish an occasion for the voicing of our exultation concerning the manner of obtaining that peace. ANDREW DOWNS.

When Patti Demanded a Toy.

Although Adelina Patti has recently installed a new head at her castle at Craig-y-Nos, it is doubtful if Baron Cederstrom will be other than a figurehead.

When, in her young days, the famous singer was touring America, the impresario who was managing little Adelina as an "infant prodigy" found it necessary to give her a valuable little toy each time she appeared.

One evening in Cincinnati he forgot the usual gift. "Very well," said Patti, "then I don't sing!"

"But the house is filled and the audience is wailing," said the distracted manager. After much trouble the manager purchased a toy and tossed it at the feet of the songstress, who at once tripped on the stage and began to sing as only Patti can sing.

After it was all over the editor of the Hawville Bugle looked at the actress rather reproachfully.

"What have I ever done that you should try to horsewhip me?" he asked.

"Nothing; nothing at all," she answered, cheerfully. "I simply needed advertising, that's all."

THERE is something about a dyspeptic stomach that makes one sour, cranky, makes the eyes see green, makes the brain dull, and the lines of the face drawn. These feelings may be overcome by the use of

Pabst Malt Extract The Best Tonic

which not only wards off dyspepsia and indigestion, but cures many cases of long standing by toning up and helping the stomach. How many a cheerful smile, rich joke, and merry tale have emanated from a former dyspeptic who has had the blessed privilege of using this preparation! A man forgets that he ever had a stomach when he uses The "Best" Tonic.

At all drug stores.

J. G. THIEME & SON.

We placed orders early last fall for Spring Woolens, not knowing at the time that we should close out our entire stock, our tailors have been busy all winter manufacturing the finest, most complete spring stock of Men's, Boys' and Children's Clothing we ever had the pleasure of offering, the entire stock will now be closed out regardless of cost.

MEN'S SPRING SUITS.

All worsted Sack Suits, Fancy Styles, Plaids and Check, handsomely made and trimmed, regular price, $18.00; closing price, $14.00.

Men's fine, all worsted Blue Serge Suits, smooth and rough finish, regular price, $12.00 to $15.00; closing price, $10.00.

Men's Black and Blue Clay Worsted, regular price, $16.00; closing price, $12.00.

Men's Black and Blue Clay and Fancy Worsted Suits, finest of trimmings, regular price, $15.00; closing price, $10.00.

BRAKEMAN KILLED

EUGENE OBENCHAIN CRUSHED BY CAR WHEELS.

THE BODY HORRIBLY MANGLED

ACCIDENT WITNESSED BY HIS COMRADES.

NEWS OF THE SHOP AND RAIL.

PASSENGER MEN GAMBLE FOR BUSINESS.

Another horrible accident has been added to the list which has made the early part of the year 1899 more prolific in that way than any preceding year in the history of Fort Wayne.

Eugene Obenchain's life was crushed out by car wheels in the Nickel Plate yards a few minutes after 7 o'clock last evening, the terrible affair occurring nearly opposite the yardmaster's office.

The unfortunate man was a brakeman and a member of the crew which was about to take freight train No. 35 on its westward trip. Some switching was necessary here and while it was in progress Mr. Obenchain attempted to climb upon a big refrigerator car as it was being pushed down the tracks. He missed his hold and fell to the rails, the car and engine passing over him.

Fireman Cy Allen, who was on the engine, saw Obenchain fall and immediately notified Brakemen Bittner and Stoner, who picked the mangled and lifeless form up and carried it into the yardmaster's building, where Drs. J. M. Dinnen and W. D. Calvin arrived a few minutes later. Their services were not needed, however, death having came to the relief of the poor fellow. An order was then issued to have the body removed to Peltier's morgue, where it was examined by Coroner Barnett, who found that the head had been crushed into an unreconizable mass, the neck nearly cut in two, the right foot severed from the limb, the bone of the right arm broken and the body cut and bruised in many places. Notwithstanding these terrible wounds, Mr. Obenchain was breathing when he was picked up by his fellow trainmen and carried in the yard office.

An examination of the grounds where the accident occurred has led to the belief that the head was crushed by a guard rail of a switch. It is believed that Obenchain fell with the back of his head on the end of this guard rail and the car pushed him along until the rail was forced completely through the top of his head. His body was then thrown aside so as to clear the track and the wheels caught and severed his foot.

The remains were placed in a casket and this evening were shipped to South Whitley, over the Nickel Plate, where they will be buried.

The deceased was about 24 years old and he had been employed by the Nickel Plate in the capacity of brakeman for about five years. His parents have been dead for a number of years and before he started out to provide for himself, he was taken care of by his uncle and aunt, Mr. and Mrs. A. Obenchain, prominent citizens of South Whitley. The uncle was notified of the accident last night and came here early this morning to see that the remains were properly cared for. Edward Obenchain, a brakeman on the Pittsburg road, is a brother and Mrs. Ed Sterling, wife of the Aldine barber, is a sister to the unfortunate man. Eugene Obenchain was unmarried and roomed at No. 114 West Main street.

DISCUSS RATE SITUATION.

Washington, May 12.—Another conference of railway officials with the interstate commerce commissioners began here to-day, the subject this time being the rate situation in the south. About twenty-five roads were represented, covering the territory south of the Ohio and east of the Mississippi, among the principal roads being the Southern, the Louisville and Nashville, Atlantic coast line, Illinois Central, Seaboard Air Line and the Plant system. The published rates in the south are stated here to be better maintained than in most sections, but there have been complaints of discriminations in some cases in favor of the larger cities and towns, a discrimination practiced, it is alleged, by many of the roads, as indicated by the published tariffs. The commission next Monday will begin in New York an investigation into the subject of the export rates made by the various trans-continental lines, the most discouraging feature of the present rate situation. Many of the roads have represented to the commission that they are under no obligation to publish the export rates, holding that the sixth section of the interstate commerce act regarding publication does not apply to those rates. The commission, however, purposes to contest this assertion and will make a thorough inquiry with a view to remedying the demoralization of rates in which all the trans-continental lines figure. The trouble is an old one and is due to the competition for business among commission agents of the roads. This export freight demoralization, it is said, is general, the rates, in some cases, being cut 50 and 100 per cent. below domestic rates.

SETTLED IT WITH DICE.

Several passenger agents in Cincinnati yesterday settled a dispute by resorting to the dice box. A party of 100 people were going east and it meant $1,400 to the road that carried them. The represenatives of the lines interested decided to settle the question by shaking the box and they repaired to a convenient cigar store for that purpose. The Baltimore and Ohio Southwestern won.

A BLACKLISTING CASE.

A special telegram to the St. Louis Globe-Democrat, bearing date of St. Joseph, Mo., states that "a damage suit for $20,000 for blacklisting, brought by Engineer A. G. Roberts against the Grand Island road, has developed into an action of importance both to the Brotherhood of Locomotive Engineers and the railways. Roberts claims he was discharged because he refused to double over heavy grades for straight mileage. The road charges insubordination.

ANOTHER CANDIDATE.

There are now five aspirants to the office of representative for the western division of the Pittsburg road on the advisory board of the Pennsylvania Voluntary Relief association. The new aspirant is W. E. Dartnell, a clerk in Shop Clerk J. H. Hobrock's office, who entered the field yesterday and is now hustling with the determination to win if possible. Fred G. Olds, of the machine shop, and Michael Vansickle, a car inspector at Chicago, who are candidates for the position, are to-day invading each other's territory, Mr. Vansickle being here soliciting votes and Mr. Olds being in Chicago for the same purpose. Messrs. Griswald and Cloud, the other candidates, are also busily engaged in looking after their interests. The present contest is the most spirited ever witnessed. There is no pecuniary benefits to be derived from the office, but it affords a little recreation now and then without any loss of time nor expenditure of money, and it is also considered quite an honor to be selected as a member of the board.

HAD A FINGER CUT OFF.

Mr. Hummel, an employe of the Gilmartin planing mills, at the corner of Barr and Holman streets, had the second finger of his left hand crushed in a gas engine this morning. He was taken to the office of Dr. Nieschang, where the wounded digit was amputated. Mr. Hummel resides on East Williams street.

INDUSTRIAL NOTES.

Nickel Plate Engineer George Cooper is taking a short rest from his engine duties.

J. A. Hueston, traveling freight agent of the Union Pacific, was in the city yesterday.

Emil Weirmeister, a painter, has taken a position in the factory of the Anthony Wayne company.

The Monon shops at Lafayette are giving employment to 350 men—the largest number in their history.

After a week's absence on account of sickness David Roche resumed his place in the Pittsburg blacksmith shop this morning.

The Baltimore and Ohio company has abolished the offices of assistant trainmasters and the men who filled those positions have been given other places in the service.

Nickel Plate engine 4, which had been undergoing light repairs at Stony Island, is again in service in charge of Engineer John Bottger and Fireman John Sanburn.

On May 17 the general baggage agents of the leading roads will meet in Chicago to discuss new methods of checking baggage and keeping records of baggage checked and received.

The Lake Erie and Western on Monday put on several construction trains and commenced ballasting the road with gravel west of Lafayette. Most of the western division is lightly ballasted.

The Pennsylvania is paying considerable atttention to the wants of the Panhandle at present and no expense is spared in the betterment of that poperty. The Columbus round house has been enlarged and addition to the building has been made to be used as a waiting room for the engines.

Stone shipments from the Bedford quarries have reached the enormous figure of seventy car loads per day. Fully 60 per cent. of the stone goes to Boston, Philadelphia and other eastern cities indicating a better business in the east in the building trade than in the central states.

The weighing of mails demonstrated the fact that on the eastern roads a much lighter tonnage of mail matter is handled on Sunday than on other days, while on western lines the decrease is not so perceptible. On Sunday twenty fewer mail cars leave over the trunk lines out of New York than on week days.

Machinist J. Neeble, of the Pittsburg shops, and his son George will go to Chicago tomorrow to spend a few days with relatives.

The Wabash has contracted for eight more locomotives. Five will be of the compound type and have driving wheels seventy-seven inches in diameter.

Supts. J. B. McKim, of the Pittsburg, and J. W. Hunter, of the Grand Rapids, left for Pittsburg last night to attend a meeting of Pennsylvania officials today.

William Wartenoee, of the Pittsburg blacksmith shop, is engaged in renewing the decorations in the Red Men's hall, and has taken a leave of absence from the shops for that purpose.

The Indianapolis Journal says: "The building of a direct line from Indianapolis to Fort Wayne is again being agitated, parties taking an interest. It is believed the road will be built."

The Illinois Central has what it terms as "Industrial department," the duties of which are to furnish locations for factories. During the past year this department has been the means of twelve manufacturers establishing plants along that line. The railway people will be reimbursed 100 fold by the increased business received through the factories.

The Pittsburg road is doing an immense local freight business at present. One of the trainmen in that branch of the service said this morning that their work was unusually heavy.

Vincent Dawson, clerk in the Pennsylvania road foreman's office, will spend a day or two in Chicago, getting acquainted with the men who are connected with that part of the Pennsylvania service.

M. O'Neill, who has worked as a helper in the Pittsburg machine shop since the holidays, has secured employment at his trade in the electric works and went to that establishment this morning. He is a polisher.

The Nickel Plate has been looking in vain for laborers to work upon its coal docks for the past two or three days. Laborers seem to be scarce at present, there being a demand for them at several of the factories about the city.

A large stack, 100 feet long and five feet in diameter, left the Bass works this morning for Muncie, Ind., where it will be erected at the Muncie Pulp company's works. Robert Schellinger will go to Muncie to place the stack in position.

The only change on this end of the the inauguration of two Sunday trains. The eastbound train will leave this city at 7:15 a. m. and the westbound train at 10:20 p. m. These trains will be known as Nos. 50 and 51 and they will run only on Sundays.

Conductor Hindal and Brakeman T. J. Raridon and E. M. Young, of the Nickel Plate, are off duty, the former on account of sickness and the two latter for recreation. Brakemen Bittner and C. Thompson, who had been off duty a few days, reported for work yesterday afternoon.

THE STOVE TRUST TALK.

Cincinnati, May 12.—Although the twenty-eighth annual meeting of the National Association of Stove Manufacturers closed last night with the election of officers and a banquet most of the members are still here today conferring with the joint committee on combination, or rather on the organization of a trust. It is stated that this is a matter outside of the association proper. It is another organization, although the members are the same. It is said that it would have taken the promotor, John Baker, of Philadelphia, months to have personally visited the proprietors, but by coming here this week he has been able to meet them together and address them while they are assembled. While the committee today is still able only to report progress, it is stated that the final work will soon be concluded in Philadelphia and New York, from where the papers and blanks will be sent out with a circular letter to all the manufacturers of stoves and ranges for options on their plants.

SAND FOR SALE.

FORT WAYNE'S HIGH-GRADE CLOTHIERS HATTERS, and FURNISHERS.

Globe

The evolution of dress.

from the loose flowing robes of the ancients to the neat fitting garments of modern men, is one of the great st evidences of a better and more refined civilization. And nowhere in the state is the evidence so striking as at THE GLOBE, whose display of modern spring and summer attire combines the material and skill of the best looms and manufacturers of the world. Our assortment is the most complete, the most comprehensive, the most stylish, the most dependable and by all odds the lowest in price, quality always considered.

MEN'S RELIABLE ALL-WOOL SUITS—Made of the very best Harris and Reedsburg cassimeres, worsteds, serges and smoth surface cassimeres—$12 values for.. $9.75

THE WEATHER.

Chicago, May 12.—For Indiana—Showers and probably thunderstorms to-night; Saturday partly cloudy, with cooler in north portions; brisk south to west winds.

LOCAL NEWS.

Miss Martha Whittie has returned from a visit at Hoagland.

Mr. and Mrs. C. A. Moore, of Chicago, are guests of Mrs. Clippinger.

County Treasurer L. C. Hunter went to Chicago today on a business visit.

Elder Barton, of Indianapolis, chief of the Mormon elders of this state, is in the city.

Mrs. Harry Dragoo, of Auburn, is visiting her sister, Mrs. Howard Larrimore, of west Butler street.

Miss Flora Miller, of Paducah, Ky., is the guest of Mr. and Mrs. William Larrimore, of Wabash avenue.

The Packard Organ company is preparing a shipment of ten organs, which will be sent to Natal, South Africa, in a few days.

F. D. Bailey, M. D., of London, Eng., arrived in the city yesterday. Dr. Bailey will spend his summer vacation visiting friends in the city.

A girl who gave the name of Stella Parker died at the county hospital at Chicago yesterday. According to the Chicago papers she stated just before her death that she was a daughter of O. P. Parker, of this city, but that she had been using the names of Stella Williams and Mrs. George Fisher. Mr. Parker is a truckman, living on Hurd street, and told The Sentinel to-day that he was unable to say whether the woman was his daughter or not.

FLAG DEDICATION.

The Vorwaerts Turn Verein will have a pleasant social affair at Randall hall next Thursday evening, May 18. The ladies of the society have purchased a handsome flag, which will be presented to the organization on that occasion. A fine program has been prepared, and it includes gymnastic exhibitions, speeches and music, closing with a grand ball. Turners from South Bend, Chicago, Danville, Findlay and other cities will be present and participate in the program.

Alexander Bowser left last evening for a visit at Bloomington, Ill.

Mrs. M. S. Mahurin returned last evening from California, after a visit of several weeks.

Messrs. Ankenbruck & Potthoff are they had been scattered for some disput in their store on East Washington street.

James Haskell, who has been suffering for some time from kidney trouble, was removed to Hope hospital yesterday.

STRAWBERRIES FOR THIS AFTERNOON.

Fancy Tennessee Strawberries, nice fresh stock, 6c quart.

Best Pineapples, 20c each.

Best Messina Lemons, 20c dozen.

Best California Oranges, 35c dozen.

We will receive a hundred bushel fine strawberries and large shipment of fresh vegetables tomorrow morning.

WHITE FRUIT HOUSE.

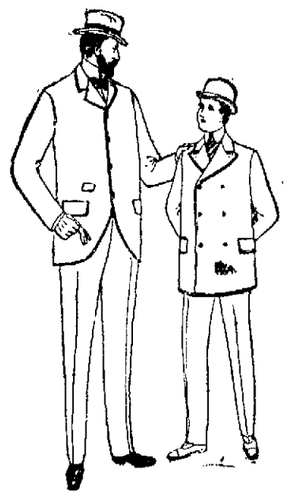
SAM, PETE & MAX'S STOCKS ARE IMPRESSIVE.

The enormity convinces all who see them, that we have not told half the truth about their magnitude. May is at hand, are you as well dressed as you should be in order to properly celebrate Spring's formal opening? If not, investigate Sam, Pete & Max's claims. Here are some of them: A larger, better and finer stock to select from, more styles--two to one, than you can see anywhere else; positively better values than are possible at other stores. Style, fit, material, trimmings in every suit we show are unapproachable.



Blue Serge Suits

Still retain their wonderful popularity for men and youth. There's no suit more satisfactory than a serge suit rightly made, and every suit in our whole stock shows the result of intelligent, artistic effort. Double-breasted sack coat styles are in large favor in blue serges. Also single-breasted styles. We have no trashy serges--only good ones. Prices from $10.00 to $18.00. Also large line of choice styles in fancy worsteds for men and young men.

To see our stock of children's clothing, is to see the prettiest things made for boys, and to see twice as great a variety as any other store can show you. Values are unprecedented and unapproachable.

The Fort Wayne Sentinel

NOW IS THE TIME

To Subscribe for the Big Sentinel—All the News That's Fit to Print.

ESTABLISHED 1833. FORT WAYNE, IND., FRIDAY, MAY 12, 1899. PRICE TWO CENTS.

DEWEY IS COMING

ADMIRAL SOON TO DEPART FROM MANILA.

MAY START WHEN HE LIKES.

NEED NOT WAIT FOR PEACE IN PHILIPPINES.

WILL COME BY WAY OF SUEZ.

OLYMPIA'S MAIL IS ORDERED TO LONDON.

Washington, D. C., May 12.—"Send Olympia's mail to B. F. Stevens, No. 4 Trafalgar square, London, Eng.," was the notice given out at the navy department today. This is the first formal indication that the famous flagship is coming home immediately.

Upon inquiry it was ascertained that Secretary Long had last evening cabled Admiral Dewey permission to return at once to the United States.

He has been relieved of the obligation of remaining at Manila until the Philippine commission completes its work. He is not even required to await the cessation of hostilities, but may start homeward at once.

The notice posted at the navy department indicates that the Olympia will not remain long enough to receive the next outward mail.

Mr. Stevens, referred to, is the navy department's agent at London to distribute all of the mail for United States warships in European waters, so he will see to it that the Olympia receives hers as soon as she passes the Suez canal.

It is estimated at the navy department that Dewey will reach the United States in time for a national demonstration on the Fourth of July. The Olympia will not come under full steam, but, nevertheless, she should make the run to New York in about fifty-five days from Manila.

That she is to come to New York is nearly certain, as shown by the following response made by Secretary Long to the urgent message of invitation to Dewey from Mayor VanWyck of New York.

It may be stated that this was sent before the notice was sent to Dewey that he might come home at once:

"Navy Department, Washington, D. C., May 11.—Sir: I am in receipt of your telegram with regard to the return of Admiral Dewey, and expressing a desire that he arrive first in the country at New York. The time of his return has not been fixed, and the department has taken no other action than to authorize his return whenever the condition of the peace commission shall permit. As to the route he shall take in returning, the department is inclined to leave that to him. He has served with great ability, and must necessarily feel so much the effect of his arduous labors in trying climates and under trying circumstances that the department is disposed to let him govern himself in this respect largely by the consideration of his own personal convenience and wish. It is understood, however, that Admiral Dewey will elect to return to New York.

"Very respectfully,

"John D. Long, Sec'y.

"Hon. Robert A. Van Wyck, Mayor of the City of New York."

FILIPINO CONGRESS MEETS.

London, May 12.—A special dispatch received here to-day from Manila says that the Filipino congress now sitting at San Tsidro is composed of fifty-six members, of whom twenty favor peace and an equal number are irreconcilable. The others, holding the balance of power, are ready to admit that absolute independence is hopeless of attainment, but demand better terms at the hands of the United States.

COLLIDED IN A RACE.

Columbus, O., May 12.—As a result of a competition between Mc-connelsville and Zanesville river packets, the Valley Gem and Zanetta in racing for Taylorsville locks on the Muskingum, collided, and the whole side of the Zanetta was crushed in. By heroic efforts of the crew the boat was kept afloat and no lives were lost.

LANGLEY FLYING AGAIN.

Washington, May 12.—Prof. S. P. Langley, secretary of the Smithsonian Institute, the inventor of the aerodome, who was given $25,000 by the board of ordnance to experiment with his flying machine for war purposes, made his first test at Quantico, Va., yesterday. Prof. Langley, with the amount of money placed at his disposal, built a new and larger machine than that with which he experimented two years ago. The machine was launched from the op of a house boat anchored in a broad sweep of the Potomac about three-fourths of a mile from the island owned by the Quantico Rod and Gun club. The result was not so successful as were Professor Langley's former experiments with the smaller machine. The machine soared aloft to a height of 500 feet, but descended after a horizontal flight of 800 feet. His former machine, which was propelled by a small steam engine, flew three-quarters of a mile and only descended when the steam was exhausted. It was understood that Professor Langley was to overcome the limited power capacity of the former machine by the use of a condensing engine, which could repeatedly utilize the condensed steam from the boiler.

BEFORE THE SUPREME COURT

THE EEL RIVER RAILROAD CASE ARGUED.

Attorney General Says No Railroad Can Lease Away Its Rights —No Decision Soon.

Indianapolis, May 12.—Special.—The Eel River railroad case was argued before the supreme court this morning. The suit involves the tenure of the Wabash Railroad company's use of the line which now constitutes that road's Detroit connection and based on the legal contention that the Eel River could not lease its rights. Attorney General W. L. Taylor, of Indiana, and Senator Winfield appeared for the state and contended that no railroad can lease away its rights.

Attorney Crawford opposed, saying that it was a common thing for railroads to do so, and that it is done all over the state. Attorney General Taylor demands a strong affirmative opinion from the court. He also made a strong speech against trusts in the course of his argument. The argument on both sides was able and learned. An immediate decision on the case is not expected. A petition for rehearing willl be filed when the decision comes.

The court today overruled the petition for rehearing in the case of Harmon Tiobet vs. George Zurbeck, a case appealed from Allen county.

POLICE COURT.

Detective Somers, of the Pennsylvania company, arrested two well dressed young men for climbing on Pennsylvania freight trains. They were arraigned before Mayor Scherer this morning and told his honor that they were students in a well known college in the southern part of the state. They had been to Plymouth on a visit and spent all their money. In order to get away from Plymouth the young men claimed they were compelled to beat their way on a freight. Mayor Scherer gave them an hour to get out of the city. Clyde Kruenberg and William D. Wahl were arrested by Officer Paul for vagrancy. Kruenberg is a boy and the police believe that he is a runaway. His parents in Grand Rapids have been communicated with. The mayor sent the lad and his friend to jail for fifteen days.

THE PRESIDENT'S ROUTINE.

Hot Springs, Va., May 12.—There is little variety in the President's daily movements here. Breakfast, the mail, morning papers, and then, accompanied by Dr. Rixey, his medicinal bath, form a routine that is broken only by his stroll through the grounds. These walks are much enjoyed by him and incidents occuring through them are repeated about the hotel corridors. Yesterday he found a tot of a girl with a big, heavy valise which she was laboring to fill with grass. Mr. McKinley, amused by her ardor and bright face, stopped a moment and aided her in her efforts by plucking grass for its receptacle. Comptroller of the Currency and Mrs. Dawes will be here to-morrow night. Secretary and Mrs. Long also have been urged to come, but a definite answer has not been received.

Insanity in Switzerland.

Switzerland is a record breaker as regards insanity. In a population of a little over 3,000,000, the republic had 6,169 persons in state insane asylums last year. There are no laws for the commitment of insane persons. No judicial proceedings such as a trial before a competent court or expert commission, are followed; but simply the written assertion of an ordinary physician, who need not be a specialist on insanity, that in his belief the person is insane, is deemed sufficient for the seizure and confinement of such an accused person in an asylum.

PLEAD FOR REST.

NEBRASKA TROOPS WORN OUT WITH FIGHTING.

MEMORIAL TO GEN. M'ARTHUR.

REGIMENT HAS BEEN CUT TO PIECES.

WILLING TO FIGHT WHEN ABLE

THE REGIMENT'S LOSSES ARE HEAVY.

Manila, May 8.—Via Hong Kong, May 12.—The First regiment of Nebraska volunteer infantry is taking the unusual steps of respectfully petitioning the division commander, Major General MacArthur, to temporarily relieve them from duty at the front. The regiment is badly exhausted by the campaigns in which it has taken an active part and not many more than three hundred men of the organization are at present fit for duty. On Sunday last 160 men of this regiment responded to sick call.

The men, in view of the facts, have prepared a respectful memorial to General MacArthur asking that their regiment be withdrawn for a short time from the fighting line in order that they may recuperate. The memorial states that the men are willing to fight, but are in no condition to do so owing to the strain of long marching, continual fighting and outpost duty in which they have been engaged.

It is added that many of the men have been unable to have their clothing washed for months past, having been compelled during all that time to sleep in their uniforms to be in readiness for fighting. The memorial adds that since February 2d the regiment has lost 225 men in killed and wounded and fifty-nine since the battle of Malolos.

The officers of the regiment propose to present a similar memorial on behalf of the men. The splendid record of the First Nebraska in the entire campaign and the tone of the memorial prepared by the men are such that no imputation of insubordination can be brought against them. Officers of the regiment said to the correspondent of the Associated Press here today that they thought that the men are worked beyond endurance and should be given a rest and some of the regular regiments which are now guarding the city sent to the front.

Five volunteer regiments and the Utah battery of artillery are at San Fernando. They muster in all about 2,500 men. Many of the soldiers are in hospitals suffering from heat and other causes. The wounded were all suffering acutely and showed the effects of exposure to the sun when they arrived. Three days' rest has already worked wonders.

Since the army entered Malolos the soldiers have had little water to drink except that which was brought on railway trains from Manila, and that was of poor quality. The artesian wells at San Fernando are doing much toward making the men contented.

FORCE THE FIGHTING.

New York, May 12.—A special to the World from Hot Springs, Va., says:

"Force the fighting. Penetrate far into the interior and capture or destroy every warring Filipino."

That is the pith of a long cipher cablegram President McKinley sent to General Otis in Manila. It was prompted by several despatches from General Otis transmitted by Secretary Alger, which greatly encouraged the president.

TROOPS TO GO TO THE FRONT.

Washington, May 12. 4:30 p. m.—Fresh troops are beginning to go to the front. Two battalions of the Thirteenth infantry (regular) that had been holding the lines about the city of Manillia, will join Major General MacArthur's division at San Fernando to-morrow, and one battalion of the same regiment will reinforce Major General Lawton's division near Bacoler. These troops will be replaced here by the Twenty-first infantry regiment, which arrived from the United States on board the transport Hancock yesterday.

Captain Grant, of the Utah battery, whose success in managing the army gunboats Laguna de Bay and Cavadonga has won for him the sobriquet of "The Dewey of the Army," has been put in command of the recently purchased Spanish gunboats whose arms the insurgents captured. These vessels are now being prepared for operations on the rivers and along the coast. The refitting and arming of the gunboats is being pushed with all diligence.

LAST PAYMENT TO SPAIN.

New York, May 12.—The payment of the last installment of $5,000,000 of the $20,000,000 indemnity to Spain will be made to the National City bank on Monday next. The bank announces that all the exchange necessary for the transfer of this money has already been provided.

IS UNMOVED BY HIS CRIME.

JOSEPH HARVEY IS ABLE TO SLEEP SOUNDLY.

Howard City Murderer Has Been Placed in Jail—Shows No Signs of Insanity.

Howard City, Mich. May 12.—Joseph Harvey, murderer of his grandmother, uncle and wife, who also fatally wounded his father-in-law and tried to commit suicide, was taken to the county jail at Stanton to-day, after being arraigned before a justice of the peace. He waived examination and was held for trial.

The young man slept soundly all night and when questioned today by weeping relatives, he expressed no emotion over his atrocious crimes.

He has given no evidence whatever of insanity, saying only that Pierson, his uncle, abused him and quarreled with him because he had been driving Pierson's horse in the rain. He still insists that his dead uncle killed his grandmother and that he then killed his uncle out of revenge. He says he is sorry that he killed his wife, but did it because he intended to kill himself and did not want her to live after he was gone.

Aside from having a fiery temper Harvey was not known to have any vicious traits.

KILLED IN INDIANA CYCLONE.

Portland, Ind., May 12.—A cyclone swept over the neighborhood near Upland just after midnight, demolishing the home of David Mong, which was in its track. Eight persons were in the house at the time. Some were carried a quarter of a mile and dropped in fields and not fatally injured. The house of O. L. Walker was torn to pieces and blown away and all the family injured. The victims were: Eva Walker, aged four years, instantly killed; Ina Walker, infant, badly bruised about the head; Mrs. O. L. Walker, bruised and badly injured; O. L. Walker, seriously injured; Josie Mong, seriously injured; Mrs. David Mong, painfully injured; David Mong, slightly injured. A young man in the family was blown out of the window and into the orchard, a distance of 300 feet, but was not seriously injured. The monster balloon-shaped cloud came from the southwest and took a northeasterly course across the country until near Upland, when it raised from the earth and disappeared.

WOMEN WIN LONG FIGHT.

Kansas City Mo., May 12.—Catholic Knights of America concluded a ten-year fight yesterday when they voted to admit women to membership in the order. Wednesday the resolution proposing this change in the constitution was voted down, failing by thirty-four votes to receive the necessary two-thirds majority. Yesterday there was a complete change of front. At the afternoon's session a reconsideration of Wednesday's action was moved and carried and a vote retaken without debate. The result was a surprising total of 438 votes in favor of the women to 29 against them. The convention greeted the result with tremendous applause. The Illinois delegates voted solidly against the women, casting twenty-seven votes. The other negative votes were from South Carolina and Wisconsin. Though women will be admitted under the amended constitution, they will be permitted to carry but $1,000 insurance, or one-half the amount that is allowed to men. Women will be permitted to join between the ages of eighteen and forty years.

BIG SWINDLING SCHEME.

St. Louis, Mo., May 12.—The arrest of three men who admit that they handled some of the alleged fraudulent paper, develops what appears to be a gigantic swindle in school warrants, in which the names of the president and clerk of the school district No. 2, St. Clair county, Ill., opposite St. Louis, were repeatedly forged. The sum of the alleged fraudulent transactions will aggregate $30,000 and may reach $60,000.

HAD A WARM TIME

CONFEDERATE VETERANS IN LIVELY SESSION.

FEDERAL CARE OF GRAVES.

SOME OLD BITTERNESS COMES TO THE SURFACE.

THE RESOLUTIONS ADOPTED.

PRESIDENT M'KINLEY'S IDEA COMMENDED.

Charleston, S. C., May 12.—The report of the historical committee was read before the confederate veterans at the morning session. The report was adopted.

Robert Lee, jr., grandson of Gen. Robert E. Lee, was introduced to the convention and then Dr. J. L. M. Purdy addressed the gathering, reviewing the conditions that caused the war.

The committee on resolutions then reported the substitute for the resolution on the federal care of confederate graves, recommending that the "United Confederate Veterans record their sincere appreciation of the utterance of the president of the United Stnets in Atlanta in December last, concerning legislation for the care of the graves of our confederate dead by the national government," and declaring that "we shall welcome any legislation which shall result in the care of the graves of our confederate dead by the national government."

Rev. Taylor T. Martin, of Pulaski, Va., spoke against the adoption of the report. He said the veterans had nothing to do with any suggestion from the president and they would never be placed in the attitude of being under obligations to the government that slew southern men. The discussion then grew very bitter and confusion followed.

"There's too much McKinleyism in it," shouted a veteran from the audience.

Various expressions followed this, many of them bitter and sensational. The report was finally adopted with cheers.

Officers of the United Confederate Veterans were elected to-day as follows:

Commander-in-Chief—Gen. John B. Gordon.

Commander of the Department of Northern Virginia—Gen. Wade Hampton.

Commander of the Department of Tennessee—Gen. Stephen D. Lee.

Commander of the Trans-Mississippi Department—Gen. W. L. Cabell.

In accepting General Gordon said there were now confederate camps in Boston, New York, Chicago and Columbus, O.

W. J. Colquitt, of Atlanta, was elected commander-in-chief of the Confederate Veterans. His only opponent was Robert E. Lee, of Virginia.

SOUTHERN BAPTISTS MEET.

Louisville, Ky., May 12.—The forty-fourth Southern Baptist convention was called to order in Warren Memorial church to-day by President Jonathan Haraleson, of Alabama. Nearly a thousand delegates, representing all southern states, were present, while it is estimated that there are 10,000 visitors in the city attracted by the convention. The first business of the convention was the election of officers.

BUILDING PERMITS.

Clerk A. M. Schmidt, of the board of public works, has issued the following building permits:

Mrs. Anna Miles, dwelling on lot 2, Archer's addition; cost, $500.

C. M. Menefee, addition to dwelling on lots 29 and 31, Eliza Hanna's subdivision; cost, $200.

C. M. Menefee, dwelling on lot 36, Eliza Hanna's sub-division; cost, $1,500.

Charles Albersmeyer, dwelling on lot No. 19, McCulloch's second addition; cost, $1,600.

COLORED MURDERER HANGED.

Washington, May 12.—Edward Smith, colored, was hanged in the corridor of the district jail at 12:07 p. m. today. He refused to the last to make any confession of his crime. He had declined until last night to accept any religious condolence, but then consented to see Fathers Matthews and Sullivan. These two priests were with the doomed man all the forenoon today and attended him to the scaffold. Smith was entirely self-possessed until the last moment. The crime for which Smith was executed was the murder of a colored woman named Edmania Jackson in this city on the 15th of November, 1897.

A CHEWING GUM TRUST.

Detroit, Mich., May 12.—The Evening News will say that a combination of chewing gum manufasturers is being formed, which will include the following firms: W. J. White and Dr. Beman, of Cleveland; the Adams company, of Brooklyn; Kis-Me Gum company, of Louisville, and the Primley company, of Chicago. A Mr. Flint, of New York, is stated to be organizing the combination, which will have a capital of $9,000,000. The headquarters of the new combination will probably be in Cleveland. Dr. Beman, of Cleveland, who is in the city today, would not deny that there was a combination being formed.

ARE ENJOYING THEMSELVES.

CONDUCTORS' CONVENTION AT MT. CLEMENS.

Southern Railway Men Want Recognition on the Official Roster and Are at Work.

Detroit, Mich., May 12.—Fifteen hundred men and women, delegates to the biennial convention of the Order of Railway Conductors and Ladies' Auxiliary and visiting conductors and their wives went to Mt. Clemens to-day by the electric railway line. On their arrival they were welcomed and escorted about the town by the mayor of Mt. Clemens and a citizens' committee. The attendance of conductors from the southern states is especially heavy and the southern conductors are making a strong contest for recognition of the grand officers to be chosen the first of next week. They have united on A. J. Corbitt, of Nashville, Tenn., as the southern candidate for the grand junior conductorship, a Louisville and Nashville conductor. The Iowa, Nebraska, Minnesota and Pennsylvania delegations have also held caucuses on the question of elections. The usual executive session of the grand division was held this afternoon.

YERKES ROBBED OF SILVER.

New York, May 12.—Elijah C. Harvey, a mulatto thirty years of age, who says he is a graduate of an educational institute at Andover, Mass., where he studied for the ministry, was arraigned before Magistrate Wentworth in the Yorkville police court on the charge of burglary. Harvey since his operations in this city seems to have confined himself chiefly to the abodes of millionnires, among them being that of the Chicago street railway magnate, Charles T. Yerkes. He is charged with entering the Yerkes residence on Fifth avenue by the parlor window and taking away an open work silver basket twenty inches in length, sixteen wide and ten inches deep, valued at $1,000. On one side is the monogram of Mrs. Yerkes and on the bottom of the basket the full name "Mary Adelaide Yerkes." Mrs. Fitzpatrick, the housekeeper, says she saw Harvey as he was getting out of the window with the basket.

ANXIETY FOR PROSPECTORS.

San Francisco, May 12.—The barks Alaska, Jane A. Falkenburg and Catherine Suddeen, are being fitted out for Kotzebu Sound, and the steamer Townsend may be added to the fleet. Considerable anxiety prevails regarding the prospectors who have wintered at Kotzebu. Several hundred men were landed there last fall, but no word has been heard from them since the ice closed them in. According to all accounts, provisions are plentiful and there is no fear of starvation. Among the prospectors about to sail for the sound are J. D. Tallant and party.

TOD SLOAN WINS ANOTHER.

LONDON, May 12.—At the first day's racing of the Gatwick Spring meeting to-day Tod Sloan, riding Lord William Beresford's 5-year-old chestnut horse Berzak, won the Alexandria handicap of 1,000 sovereigns. Saint Noel was second and Northern Farmer third. Eight horses ran; six furlongs. The betting was 11 to 8 against Berzak.

CLOTHING NOT LIKE WHISKEY.

It does not grow better with age. Then why not buy Patterson's up-to-date, high grade clothing, when it costs no more than suits "of long ago?"

Gratitude is too often but a fervid expectation of favors to come.

WORKMAN KILLED.

FATAL SLIDE OF A BIG COAL BANK.

FOUR OF THE DEAD FOUND.

FIVE MISSING PROBABLY WERE KILLED.

MEN WERE SCREENING COAL.

A BANK CRUMBLED AND THEY WERE BURIED.

Shamokin, Pa., May 12.—Four men were instantly killed to-day by a slide of a portion of a large coal bank at Centralia. Five others are missing and are probably dead. Several were badly injured. The four bodies recovered were so badly disfigured that it was difficult to identify them. One is thought to be John Gaughan, of Centralia.

The accident occurred while a large number of Hungarians were screening coal in the Centralia breakers. The big bank of coal refuse towered high above, when it was seen to quiver and collapse, completely burying the workmen. A rescuing force immediately started to work and after two hours' labor had succeeded in recovering the four bodies.

Two Hungarians were found wedged in between piles of timbers. Both were badly injured. An investigation was begun as to the number of men at work at the time of the slide, and reports indicate that five men are missing. The work of rescue is being continued in the hope of recovering their bodies, should they have been killed.

PIONEER PASSED AWAY.

Dr. Farcus F. Morse, one of the pioneer physicians of northeastern Indiana, and widely known as a man, died last evening at his home at Angola. Dr. Morse was nearly eighty-five years of age, and his death was due to the infirmities incident to age. Dr. Morse was a native was a native of western New York, and gained his medical education in the eastern universities. Coming to Angola in 1836 he entered upon the practice of his profession, and for many years has been widely known as an able physician, a scholarly gentleman and an estimable citizen. He retired from the active duties of life twenty years ago. Surviving him are his wife by his second marriage and three children by his first marriage. The children are Mrs. R. T. McDonald, of Fort Wayne; Isorah Luison, of Angola, and Dr. Ralph Morse, of Lansing, Mich. The latter is a graduate of the old M. E. college in this city, and is well known in Fort Wayne. Mrs. McDonald reached the bedside of her father a few moments after his death.

WILL ORDAIN DR. BRIGGS.

New York, May 12.—In spite of all the influential opponents of the ordination of Rev. Dr. Briggs, who have let Bishop Potter know how they feel about his proposed advancement to the priesthood, the statement is made positively that the ordination will take place somewhere next Sunday. Direct information from the only authentic source, Bishop Potter, cannot be obtained, but it is expected that today the bishop will announce the church at which the ceremony will be held.

In that case representatives of the opposition to Dr. Briggs will be present to make a formal protest. In support of the statement that Bishop Potter will not be swayed from his purpose, Rev. Dr. J. R. Peters, one of the examining chaplains who recommended Dr. Briggs for the priesthood, is quoted as saying he had not the least doubt that the ceremony would be performed on May 14th. He asserted that there was only one form of protest that could stop it, and that was a charge against the moral character of the applicant. Should such a protest be made, says Dr. Peters, the ceremony would cease.

CHINA RATHER BACKWARD.

Pekin, May 12.—The Chinese government, in acknowledging the receipt of a communication regarding the Anglo-Russian agreement as to spheres of interest in China, expressly declares that the acknowledgment in no wise implies acquiesence. Immediately after communicating the agreement, the Russian minister, M. DeGiers, demanded the right to build a railway connecting the Manchurian system with Pekin. This is regarded as of the utmost importance.

UTAH KIDNEY BEANS

The Great Kidney and Bladder Remedy.

A certain cure for Bright's Disease Diabetes Dropsy, Stone in Bladder, Gall Stones, Inflammation of Kidneys or Bladder, Incontinence of Urine, Retention in Urine, Sediment in Urine, Scalding Urine, Difficulty in Passing Urine, and Bed-Wetting of Children, Rheumatism, Dropsical Swellings, Pains in the Back, Irritation and Pains in the Bladder, Palpitation of the Heart, Pains under the Shoulder-Blades, Extreme Pains in the Loins, Sallow Complexion, Blotches, Continuous Headache, Great Thirst.

Beware of Liquid Kidney Remedies!

they contain Alcohol. Sick kidneys should not be fed on Alcohol—it aggravates the diseases. Utah Kidney Beans are solid; they are concentrated; and they act directly on the kidneys.

Rev. Roland Hall, an eminent clergyman of the Baptist Church, residing at Williamsport, Tennessee, endorses Utah Kidney Beans for the great relief his wife received from using them. Rev. Mr. Hall is known from one end of the State of Tennessee to the other, having been in the ministry for over half a century. This good man would not endorse a quack nostrum or anything else unless he knew beyond the shadow of a doubt that it was worthy. Therefore, such endorsements give Utah Kidney Beans a standing that no other kidney remedy in the country has. Mrs. Hall received great benefit from the use of Utah Kidney Beans; they gave her new strength—and new life. They will lift all sufferers from kidney troubles out of sick beds and restore them to vigorous health. Strength begins to return after the first few doses.

Utah Kidney Beans, made by the Turners of Philadelphia.

WON FROM DAYTON

A GAME RALLY SNATCHED VICTORY FROM DEFEAT.

DONAHUE'S COSTLY ERRORS.

HEAVY HITTING GAME AT OPPORTUNE TIMES.

VISITORS WEAKEN IN THE END.

GLASSCOCK AND BELDEN DID SOME FINE BATTING.

INTERSTATE STANDING.

	Won.	Lost.	Pct
Toledo	10	2	.833
Youngstown	6	4	.600
Mansfield	5	4	.556
New Castle	4	5	.444
Fort Wayne	5	7	.410
Grand Rapids	4	6	.400
Dayton	3	6	.333
Wheeling	3	6	.333

Never was the fickleness of the base ball "fan" more aptly illustrated than yesterday when the Fort Wayne and Dayton teams met at Exhibition park for their first game of the season. In one inning on the tip-toe of expectancy that the game was going to be a clean-cut scientific affair, the next groaning and roasting at the errors of the home team, then resigned to the belief that Glasscock and his assistants were not in it, next complaining of the umpire and five minutes later yelling themselves hoarse at a double by the Fort Wayne infield. Then again wishing that it was all over and within ten minutes hearts leaping with joy at the prospects that the locals might win because they were not quitters and were fighting every inch of the way and then in the lucky eighth howling themselves hoarse when this hope was realized and all chances of defeat had disappeared in a galaxy of errors by the Daytons and some terrific batting by the Fort Waynes. And in the final inning cheering to the echo the final run by Glasscock and the last put-out when Letcher made a pretty run and "cinched" the game by freezing onto Salmon's high fly.

What is the use of telling how it all happened? Fort Wayne was never in the lead until the end was near and then just to show the local lovers of the game that a game was never ended until the last inning was played the home team simply ran away from the spavined "Old Soldiers." Kuehne made an error, so did Hollingsworth; Norcum made two, booting the ball not unlike he must have done in those foot ball games last winter for Columbian college. Bill Letcher muffed a fly, which the base ball editors of all the papers said they could have eaten. But this is base ball. If there wasn't errors the game wouldn't be worth going to see and it is the uncertainty of it that makes it popular. Of course the Fort Waynes are "off" at times, but so are the other fellows, and if the home team doesn't get encouragement here the "fans" cannot expect them to get it in Toledo, and the other Inter-State towns.

The team is weak in the pitcher's box, but in every other position it is as strong as any club in the Interstate league. As fielders the players are not perfect, but as batters they are all A No. 1 and will bat out many a game when the pitcher they are supposed to support is being pounded to the four winds.

Cook commenced the game for Fort Wayne, but couldn't pitch a little bit after an error or two had been made behind him and Manager Glasscock sent him to the bench and Whissen went to the rubber. This change settled the visitors' chances for victory. Eddie Zimram caught in faultless style and Tim Flood played another of those games which have become so common with him. Carter essayed to pitch for the Daytons and he did fairly well until Donahue went in the air and made a trio of errors. Several other Daytonians followed Donahue's example and Carter weakened. Score:

FORT WAYNE.

Attendance, 300.

OTHER INTER-STATE GAMES.

TOLEDO, 7; GRAND RAPIDS, 2.

Toledo, O., May 12.—Toledo won easily from the Grand Rapids team in the first game of the series. Altrock was hit hard in the sixth inning, and the remaining four runs were directly attributable to bad support. Wiltse, with much better support, pitched a good game, striking out seven men and keeping the hits well apart. The attendance was fairly good. Score:

Toledo	0	1	1	0	1	3	0	0	1	— 7
G. Rapids	1	0	0	0	0	0	0	0	1	— 2

Hits—Toledo, 14; Grand Rapids, 10. Errors—Toledo, 2; Grand Rapids, 7. Batteries—Arthur and Wiltse; Altrock and Cote.

WHEELING, 4; MANSFIELD, 2.

Mansfield, O., May 12.—After defeating Wheeling three straight on the latter's home grounds, Mansfield returned home and lost to Wheeling, through inability to hit Dolan when hits meant runs, though the game was well played by both sides. The score:

Wheeling	3	0	0	0	0	0	0	0	1	— 4
Mansfield	0	0	0	0	0	0	0	0	2	— 2

Hits—Wheeling, 9; Mansfield, 8. Errors—Wheeling, 2; Mansfield, 3. Batteries—Miller and Belt; Dolan and Hunt.

YOUNGSTOWN, 7; NEW CASTLE, 4.

Youngstown, O., May 12.—Carney pitched the opening game here and won his second victory from New Castle. Score:

Y'gstown	1	2	3	2	0	1	1	0	0	— 7
N. Castle	0	0	2	0	0	0	0	2	0	— 4

Hits—Youngstown, 17; New Castle, 7. Errors—Youngstown, 1; New Castle, 2. Batteries—Carney and Trost; Piggemeier and Graffius.

SHAMROCKS AT RICHMOND.

The Shamrocks will play at Richmond Sunday afternoon. Patterson, who was on Fort Wayne's staff of pitchers the early part of the season, will do the slab work for Richmond, and Robbins will pitch for the Shamrocks. Richmond has a fine ball park and a fast team, and has booked some of the fastest independent teams in the country. Besides the Fort Wayne Shamrocks, the Cincinnati Shamrocks, Dayton Clippers, Cincinnati Gems, Indianapolis Reserves, All-Kentuckians, of Covington, are booked to play there.

NOTES OF THE GAME.

Ira Belden did the hardest hitting of the game. He made two pretty two-baggers and a single and another high one caught by Miller was within two feet of the left field fence. But for the wind which carried the ball east it would have counted for a home run.

The first three hits Jack Glasscock made yesterday were pretty singles just over the second baseman's head, but not far enough to be caught by Centerfielder Downey. The last time Glasscock went to bat Downey played in to get one of these hits and Glasscock hit the ball over his head for a two-bagger.

Donahue made a strong bluff in the eighth inning when Umpire Mitchell called Glasscock safe at the plate. The decision was a close one, but Donahue dropped the ball and then made one of his biggest bluffs that the runner was out. Umpire Mitchell told The Sentinel reporter that he would have called Glasscock safe, but when Donahue dropped the ball he saw him do it and there was then no doubt the run counted.

There was never a ball player lived who didn't make errors and many times, too, on the easiest of chances. The "fans" should remember this and instead of "knocking" when a misplay is made, encourage the player by telling him to try again. No person on the lot regrets an error more than the player who makes it. But most base ball "fans" are fickle and this fact was thoroughly demonstrated yesterday. The very persons who were loudest in their condemnation when errors were made talked more about the great rally in the eighth than the quiet "fan" who never did knock.

BASE BALL.

Tomorrow, Dayton vs. Fort Wayne. Game called at 3:30. 10-3t

CRUELLY WRONGED.

And the Devoted Girl Was Bound to Set Her Lover Right.

The shades of night were deepening and the sky was overcast. The devoted girl stood at the casement, watching the rain drops which dotted the white pavement, heralds of the storm which was soon to follow. She knew that very soon a youth would pass on the opposite side of the street—a youth who would wave his hand at her and who would smile to see the flutter of her handkerchief in reply.

Herbert quit work at 5:30.

How the pitiless rain beat down! Soon she saw a figure in the distance. The overcoat was buttoned up to its owner's chin, and the hat was pulled down over his ears, but she recognized the walk. She held the handkerchief in readiness to be fluttered, but he did not pause as usual. With a low cry of joy she saw that he was crossing the street. She ran to fling open the door, and as he ascended the steps exclaimed:

"I knew you would live down these calumnies. Come!"

"Where to?"

"Into the library. I want my father to meet you face to face."

"But I am all wet."

"Yes. Hurry, before you dry off, or he may not believe us. It wasn't twenty minutes ago, Herbert, that he was saying you hadn't sense enough to come in out of the rain, and I want him to see how cruelly he has wronged you."

Cat Dined with the Pope.

The late Czar of Russia was an ardent admirer of cats, and on one occasion, when he was visiting the King of Denmark, he alarmed everyone in the palace by rushing out of the house at a very early hour, because from his window he had seen a big black dog attacking his favorite black cat. Pope Pius IX. had a cat which shared his dinner for years—always coming in with the soup and sitting gravely opposite his holiness in a chair placed there for him. The Pope used to feed him from his own plate, and pass, at the end of the repast, walked out when the dishes were removed. When he died his master remarked: "One Pope dies and another takes his place. So it is with cats."

WHERE DANGER LURKS.

One Person in Every Thousand Killed in New York Yearly.

According to statistics New York is the most dangerous city in the whole world to live in. One in every thousand is killed yearly on the streets of the city. The remark that was passed by a New York Congressman to a member from Texas some years ago that "it takes more sense to go across Broadway than it requires to be elected to Congress in Texas," may have been drawn from the imagination, but there was some truth in it after all.

During 1898, the last year for which figures are accessible, there were more than 2,000 deaths from accident in New York. The injuries received by accident are not recorded, except in the various hospitals, but from calculations made it is figured that the appalling number of 35,000 persons were hurt through one cause or another. The accidents to which the people of New York are subjected are of every conceivable kind. Falls are the occasion of more deaths than any general form of accident. In the year mentioned 385 deaths resulted from falls. These were from windows, down shafts, into areas, down steps, into trenches, etc. The purely street accidents are very numerous and aggregate 221, divided as follows: Killed by street vehicles, 169; killed by railroads, 47; killed by cable cars, 29; killed by elevated railroads, 9; killed by trolley cars, 7; killed by horse cars, 20.

It is less dangerous to go to battle against a determined enemy than to live in New York. It is also much safer for one to ride continuously on our railroads than to run chances of being killed on the streets of the metropolis.

MUCH IN LITTLE.

The eggs of the silkworm are about the size of mustard seeds.

Champagne was first made by monks in the seventeenth century.

Almost all the camphor used by the world comes from Japan and Formosa.

The preparation of human hair for the market gives employment to 7,000 Parisians.

Sixty thousand elephants are annually slaughtered in Africa for the sale of their ivory.

In the sixteenth century fencers held the sword in their right hand and a dagger in the left to ward off blows.

Only one person in fifteen has perfect eyes, the large percentage of defectiveness prevailing among fair-haired people.

Keys of bronze and iron have been found in Greece and Italy dating from at least the seventh century before Christ.

A good Arabian horse will canter in the desert for twenty-four hours in summer and forty-eight in winter without drinking.

An eminent astronomer says that for communication with the inhabitants of Mars we should require a flag as large as Ireland and a pole 500 miles long.

Some Wise Sayings.

It's a wise son who doesn't neglect the education of his parents.

Woman's work is never done—unless she gets some other woman to do it.

Whenever you hear a man refer to life as a lottery the chances are he has drawn a blank.

It's easy to convince the plain woman that handsome is as handsome does.

No man ever allows his whiskers to grow long enough to conceal a diamond pin.

It is only when a man dies that every one of his good qualities comes to the surface.

A man expects other men to show his wife courtesies abroad that he never thinks of showing her at home.

An authority states that a ton of diamonds is worth $35,000,000. Remember this and don't pay a cent more.

The Test of Time.

The lasting qualities of a tooth filling generally mark the difference between good and bad operating. Skillful, careful operating, good material, perfect facilities and plenty of time produce tooth fillings that last. Careless, hurried work, "cheap" skill, tools, and material, all crop out in the test that time puts upon dental work.

Our work has stood the test of time—and won recognition for best merit on a basis of lasting satisfaction.

LOCAL NEWS.

Mr. and Mrs. O. G. Hill are at St. Louis.

Paul Mossman went to Lafayette last evening.

Miss Nellie Anderson entertained at whist last evening.

S. M. Shugert, of Geneva, is a Fort Wayne visitor to-day.

J. F. Wing was at Wabash yesterday on a business trip.

Walter Rosenthal, of Toledo, was a visitor in the city yesterday.

W. J. Ungemach is at Hartford City on a business expedition.

J. Rothschild, of Terre Haute, is visiting his sister, Mrs. A. Weil.

Mr. and Mrs. George Slater will leave tomorrow for a visit at Altoona, Pa.

Ogden Pierce arrived from Bellevue to-day for a visit with his family.

Miss Emma Buchman has returned from a visit with friends at Columbia City.

Mr. and Mrs. Hugh Wilson have returned from a brief visit at Huntington.

Mrs. John Evans and daughter have returned from a visit with Cincinnati friends.

Mr. and Mrs. George Slater leave to-morrow for a visit with friends at Altoona, Pa.

The family of E. H. McDonald has gone to Rome City for a brief stay at the pretty resort.

Frank Pocock and Ray Doering, of Antwerp, O., are in the city the guests of friends.

Mrs. Bertha Ferckel returns this evening from a six weeks' visit with friends in New York.

Miss Campbell, of Chicago, and Miss Cramer, of Fairbury, Ill., are visiting friends in the city.

Louis Meyer, of Muncie, is in the city assisting in the closing sale of the Friend clothing house.

Miss Carrie Koons, of this city, who has been teaching school at Mapleton, completes her term to-day.

Mr. and Mrs. John Lennert have returned to Decatur after a visit with their daughter, Mrs. D. M. Rice.

Miss Alice Hart has returned from Auburn, where she attended the funeral of the late Mrs. I. M. Johnson.

A false alarm of fire called the fire department to a building on Calhoun street, near Wayne, last evening.

The First Spiritual society will give a social and dance at their hall, 107 Calhoun street, this evening.

Miss Seymour, of Grand Rapids, returned to her home today after a visit of two weeks with Miss Edith Yarnelle.

Mrs. Edith Knapp and baby, of Huntington, and Mrs. Lou Moses, are in Fort Wayne visiting Mrs. A. L. Randall and other friends.

The Ladies' Aid society of the Trinity M. E. church will give a regular bread and cake sale in the back room of the church on Saturday afternoon.

Artie Howell, of 39 Miner street, was run into by another cyclist at the corner of Main and Calhoun streets yesterday and Howell's wheel was wrecked.

A happy party of nearly thirty cyclists went to New Haven last evening. The party was given by Miss Flause Weldon in honor of Ernest Barrows, of Chicago.

The City band will have rehearsal this evening. Several members of the old First Regiment band, which went out of existence some time ago, are joining the City organization.

Mrs. Will Leedy and two children are in Auburn visiting with relatives. Tomorrow they go to Goldwater, Mich., to visit Mrs. Leedy's brothers, Frank and George Shugars.

Mayor Scherer swore in Louis Reiter and David Kosher as firemen. They will drive the teams in the new engine houses and may be put to work any day. Fire Chief Hilbrecht is on the hunt for satisfactory teams.

Very Rev. John Guendling, of this city, will officiate at the laying of the corner stone of a new Catholic church at Nix, in Whitley county, May 28. Addresses will be delivered by Rev. H. F. J. Kroll, of this city, and Rev. A. Ellering, of Columbia City.

B. E. Hayes, of Logansport, is in the city for the purpose of organizing a lodge of the Order of American Plowmen, a new fraternal insurance society. He has already secured more than sixty members, and will institute the society when one hundred are secured.

Park Superintendent Goers had intended erecting a tool chest in Reservoir park. Residents in the neighborhood of the park objected and this morning Mayor Scherer gave orders that no building should be erected. Instead, a near-by barn was rented and will be used during the summer months.

The last meeting of the Society of Art for the season was held last evening at the home of Dr. and Mrs. A. E. Bulson. Mrs. Robertson gave a delightful lecture on "Figure and Portrait Painters." There was a very large attendance and the ladies enjoyed a pleasant social time at the close of the session. Ices and small cakes were served in the dining room, which was prettily decorated with smilax and sweet pease.

Prof. Boun left last evening for Washington.

Ben Elliott, of Baltimore, is calling on friends in the city.

Mrs. Charles Payson, of Huntington, is visiting in the city.

Miss Lenore Horton, of Bluffton, visited in Fort Wayne yesterday.

Mrs. Thomas Kintz, of Huntington, visited in Fort Wayne yesterday afternoon.

Dr. R. F. Frost, of Huntington, was in Fort Wayne today on professional business.

J. M. E. Riedel has sold his fine Irish setter dog to a Mr. Wells, of Idaho, who is in the city.

WILL OPEN EARLIER.

The recent rains have greatly freshened and beautified Robison park, and in view of the promising weather the management has decided to open the park formally on Sunday, May 21, one week earlier than has been announced. The theatre will open on that date with an excellent vaudeville program, and there will be numerous other attractions for the visitor seeking rest and pleasure at the popular summer resort.

BOARD OF WORKS.

R. J. Bauer and thirteen others filed a remonstrance with the board of works last evening against the paving of Main street, from Harrison to Barr. The remonstrants ask for delay because of the uncompleted condition of the court house and assert that chances are that several new buildings are to be erected on the street this summer. The remonstrance was received and placed on file.

August Blum objected to the opening of an alley along the east line of Barnett's outlot, owing to what he deemed an inadequate assessment of benefits. The matter was postponed until June 8.

The assessment rolls were approved for the vacation of eight feet on either side of Nelson street, for a sewer in the alley between Reed and Winter streets, from the alley north of Creighton avenue to Greene street, and for a sewer in the alley between Force and John streets, from Pontiac to Colerick street, were approved and the work accepted.

Plans were ordered for a sewer in the alley between Fairmount Place and High street, a petition for the work having been filed by J. H. Hunsche and others.

The engineer was also instructed to prepare plans for grading College street, from Wayne street to Berry; for constructing sidewalks on the west side of College street, and for grading the alley south of Berry street, from College to Nelson.

Frank Alderman appeared and urged the board to hasten the opening of Boltz and Leith streets, from their present termini to Lafayette street. The work will be undertaken as soon as feasible.

NOTICE.

Next Monday, May 15,

A representative of Walter Buhl & Co., the celebrated furriers, will be at our store to take orders for new fur garments for fall delivery and give estimates on repair work.

A great saving guaranteed.

KING COFFEE

Caused Weak Heart and Other Trouble.

Our family is a large one and we have all been greatly helped and benefited by the dismissal of coffee and the daily use of Postum Food Coffee. I formerly had a very weak heart that troubled me greatly, and the trouble was gradually getting worse while I was using coffee.

I also had frequent headaches and sleepless nights. These have all gone since the drug (and one may well call coffee a drug) has been dismissed. A neighbor, Mr. A. Woodruff, was a confirmed dyspeptic for years until he quit coffee and began to use Postum. Now he is entirely cured and thanks Postum for it. Mrs. M. Munson and Mr. D. S. Barclay, friends, have found great relief from leaving off coffee and using Postum Food Coffee.

I have made many inquries among quite a list of persons who have been using Postum, and always find good accounts where it has been prepared properly. You cannot impress that point to strongly on the people where they once make a trial of Postum, for if it is not thoroughly boiled, it has a flat taste and that drives them away from it, whereas, if they only knew how delicious it is when well made and how their health would be improved by its use, they would do almost any way to insure getting good Postum. I can send you a long list of names of those who really know how to make Postum and use it every day, if you care for them. M. E. Woodruff, 353 Crescent Ave., Grand Rapids, Mich.

WATCHES FREE

To boys for selling "Wisdom" to their friends. Easy to sell because everybody needs it. Apply at once to the following grocers:

Hartman Bros.
Wallemath & Sons.

D. J. SHAW,

On account of the fire, has removed his grocery to No. 30 West Main street, 2nd door west of Karn Bros.' meat market, where he will be pleased to see all of his old customers and friends. A special sale will be had on Saturday of a job lot of canned fruit with smoked labels. The lot consists of Beans, Peas, Corn, Tomatoes, Peaches, etc.; your choice for 7c per can, or 4 for 25c. These goods are worth from 10c to 15c per can. Come early and take your choice.

ATTENTION, RAILROAD MEN.

On Friday, May 19, Rev. T. J. Johnson, pastor of Simpson M. E. Church, will deliver a lecture in Wayne street M. E. Church to the railroad men on "Signals." The lecture is for the benefit of Simpson M. E. Church. About 500 tickets have been sold up to this time. We urge the public to attend, but especially hope to see a large attendance of the railroad men and their families. Admission, 25 cents. 12-2t

SPECIAL.

Saturday we will sell Wayne Knit 25c hose for 13c.

FRIENDS' CLOTHING STORE.

A VALUABLE TIP

For Ten Cent Cigar Smokers.

The Puerto Angel, Conny Bayer's ten cent straight cigar, which has never been talked of or advertised to any extent, is so much superior to the ordinary ten cent goods that you will be astonished when you smoke one. The Angel is a large size cigar and the quality extremely fine; equal to any fifteen cent cigar on the market. The merits of this cigar have been selling it and the demand for them is greatly increasing.

Mostly all first-class dealers handle them. 11-13

KNOW YOUR FUTURE

Madam De Carson, the noted Clairvoyant and Magnetic Healer, has removed to 38 Ewing street, between Berry and Main. Come and see her; only 25c, 50c and $1.00. 9-5t*

Masonic Temple—Attractions for the week:
Keystone Dramatic Company in Repertoire.

CANADA has apparently forgiven everything to Rudyard Kipling, author of "Our Lady of the Snows," and McGill university, of Montreal, is going to confer upon him the degree of LL. D.

WHEN Admiral Dewey learns that every community in the country from Gotham to Podunk is preparing to give him a noisy salute, a reception and a dinner, he will doubtless conclude to remain in Manila.

NONE of the reports of the suffering, hardship and starvation in the Klondike give so clear an idea of the terrible situation as the brief bulletin from Chief Commissary McCain at Vancouver Barracks, which has been so ostentatiously posted in Washington by Secretary Alger, to the effect that there is a demand at Rampart City and at Circle City, Alaska, for canned roast beef.

MISS MARGUERITE E. LINDLEY, of Cleveland, indignantly denies that she ever said there ought to be a law against kissing. Neither did she say that she never allowed allowed anyone to kiss her. The information is gratifying and will, no doubt, be especially welcome to Miss Lindley's admirers. That a law ought to be passed prohibiting promiscuous kissing by women whenever they meet some people will be disposed to concede, but on the other hand such kisses must be admitted to be the most innocuous in the whole classification of the osculatory list. Doctors may go to the record as much as they please in condemnation of the kissing habit on the "germ" or any other theory, but they can't prevent it.

THE navy department has issued orders detaching Rear Admiral Watson from command of the Mare Island navy yard and ordering him to report to Admiral Dewey at Manila, so as to relieve that officer when he desires to start for home. It is not known when the admiral will leave Manila, but is assumed that he will not start until the Philippine commission, of which he is a member, has to some extent, at least, completed its work. The selection of Rear Admiral Watson is an excellent one, if his long and creditable career in the service be index of his worth. The task ahead of him in the Philippines will be the more difficult because he succeeds a man of Dewey's resplendent reputation. He will have the choice of two flagships from which to display his pennant, the cruiser Baltimore and the battleship Oregon being both provided with quarters for a fleet commander and his staff. Meanwhile it is to be observed that the Dewey dinner plans are somewhat vague and premature. The fact is becoming recognized that what the Admiral chiefly desires is to be let alone. Those who have been planning all sorts of receptions to him no doubt mean well, but not in all instances do they display good taste.

NORTHERN INDIANA NOTES.

M. D. Smith, a former Noble county man, and a graduate of Oberlin college, has been engaged as principal of the Waterloo high school for next year.

Postmaster Lytle, of Valparaiso, after waiting thirty-four years, Monday received a check from Uncle Sam for $15.12, balance due him for services as captain in the late war.

Clem Zimmerman, of Warren, Huntington county, while felling a tree, was struck by a limb and killed. Last summer his brother, Wash Zimmerman, lost his life by a log rolling over him.

Josso H. Dowell, president of the Hartford City Gas company, and one of the wealthiest citizens, died Thursday morning. He was sixty-six years old, and a resident of Blackford county since 1850.

The third annual commencement of the Noble county schools will be held in Albion on Thursday, May 25th. James Clement Ambrose, of Evansville, Ill., will deliver the principal address, his subject being "The Sham Family."

Gas City will hereafter be known as the town of poplars. In compliance with an order of the city council 8,000 shade trees are being set out by the property owners. North Carolina poplars were adopted and are of a uniform size, and fifteen feet and six inches apart. Post hole diggers are in great demand in Gas City.

Leo Helsel, a well known citizen of Columbia City, met a tragic death Wednesday evening while out driving with his wife. His horse became frightened and began to kick over the dashboard. It is thought Mr. Helsel was struck by the animal's hoofs, though no marks of external injury were found. He died in his wife's arms in the carriage.

OHIO HONORS DEAD SON.

Memorial Services for First American Killed in Spanish War.

CLYDE, Ohio, May 12.—Impressive memorial services were held yesterday in honor of George Burton Meeks, who was a sailor on the United States gunboat Winslow and the first American killed in the war with Spain.

Meeks was killed one year ago yesterday. His grave is near that of Major General James B. McPherson.

Governor Bushnell, accompanied by Adjutant General Axline, Assistant Adjutant General Kingsley, Judge Advocate General J. Kent Hamilton, Quartermaster General W. H. Orr, Colonels Brewer, Cockley, Knox and other members of his staff, was present; also state officers and distinguished guests from all parts of the state.

After the parade Senator J. B. Foraker delivered the funeral oration. Tributes to Sailor Meeks as a representative of Ohio men in the war were also delivered by Lieutenant Governor Jones, Congressman Norton and State Senator Mitchell.

Miss Lillian Sanders celebrated the twelfth anniversary of her birth yesterday by entertaining a number of her school friends.

LOCAL NEWS.

Norman Olds has accepted the position of tenor soloist in the Third Presbyterian choir.

In the superior court this morning Judge Hench rendered judgment for $47.77 in favor of plaintiff in the case of Bell vs. Johnson.

G. H. Krudop has completed laying a brick sidewalk along the entire frontage of his coal yard, corner of Francis and Hayden streets.

Loran D. Ward, traveling agent for the Berghoff Brewing company, has been confined to his home for the last two weeks with a severe case of rheumatism.

Two scorchers collided on Garden street last evening and both were thrown to the ground. The men were considerably scratched and the wheels almost completely demolished.

A plan has been adopted to form a league in this city. Boys from fourteen to seventeen are supposed to be in it. All teams wishing admittance must send representatives to the Arcade tomorrow at 3 p. m.

Referee Chapin is today hearing evidence in the case of Wehrenberg & Busching against the Fort Wayne Electric corporation. H. C. Hanna and G. W. Foltz represent plaintiffs and W. J. Vesey appears for defendant.

The Brothers school team defeated the New Haven Specials by a score of 12 to 8. After the game the Brothers' school team marched to the Dowling homestead where a delicious supper was served in honor of the victory won.

The members of the Fort Wayne Bicycle club will go to Decatur on Sunday morning, starting from Niemann's, corner of Jefferson and Calhoun streets, at 9:30. A cordial invitation is extended to the wheelmen of the city to accompany them.

Superintendent of Police Gorsline has received a letter from Superintendent Charlton, of the Plainfield Reformed school, asking him to recommend a young musician who can lead the school band. The man must be unmarried, and neither drink, smoke nor swear.

The five-year-old son of Peter Nichter, of 23 Swinney avenue, sustained a severe injury to his hip yesterday. He was playing with a number of companions in the yard and had climbed on to the fence when he lost his hold and fell to the ground. A doctor was summoned who attended to the little fellow's injuries.

Dr. Frank W. Gavin has returned to the city, after completing an eight months' post graduate course in the hospitals of New York city. He has decided to locate at Canton, Ohio, and has already secured offices there for the practice of his profession. Mr. Gavin is a native of this city and his entire life has been spent here. He will carry the good wishes of our citizens to his new home.

PLUCKY KANSAS GIRL.

A Nurse Who Passed Cartridges to Volunteers in the Trenches.

A real daughter of the regiment is Miss Olivia O'Brien, the Topeka girl who has not only nursed the Kansas soldiers in the hospitals, but has gone into the trenches with them when they fought the Filipinos. Private W. S. Cooper of Company K, in writing home to his parents in Ottawa, Kan., says in the course of his story about the fighting before Manila: "There was a lady nurse in the trenches with us that night. She sat right next to me, and every time I took a shot she had another cartridge ready for me."

This was Miss O'Brien. She comes from a fighting family as well as from a fighting race, for she was born and reared in the regular army. Her birthplace was Camp Harney, Or. She is the daughter of the late Captain John Smythe, who died at an army post in Arizona when Olivia was a wee bit of a

MISS OLIVIA O'BRIEN.

girl. Her mother later married Captain O'Brien, a surgeon in the regular army, and Olivia took her stepfather's name.

Miss O'Brien left Topeka last November to visit the family of Major Pollock, a retired army officer, now living in San Francisco. While in San Francisco Colonel and Mrs. Stotsenburg of Nebraska passed through on their way to the Philippines and prevailed upon Miss O'Brien to accompany them. Colonel Stotsenburg was recently killed. The party left San Francisco on the Coptic Nov. 29 and arrived at Manila Dec. 31. In a letter to her mother since the Filipino war broke out Miss O'Brien says that she and Mrs. Stotsenburg were at a circus with other friends on the night of the first battle around Manila. When she got home, she said, the bullets were whistling around everywhere, and several entered the windows of her room. She slept on the floor that night to avoid flying bullets.

The next day, she said, the ambulances were kept busy carrying the wounded to the hospitals and the dead to the cemetery. In the afternoon of that day she started for Colonel Stotsenburg's headquarters at the front, but had to return on account of rebel sharpshooters. At the second engagement, the one before Caloocan, she and Mrs. Stotsenburg lay in the trenches with the Kansas troops one entire day and night. It was on this occasion that Miss O'Brien helped in earnest to fight her country's battles by passing cartridges to Private Cooper. After her return to Manila Miss O'Brien began regular work in the hospitals and has been at it since.

FLORIDA'S SENATOR.

He Is a Wealthy Business Man and New to Politics.

James P. Taliaferro, the new senator elect from Florida, is new to national politics. He is now a member of the Florida state board of health and has served as chairman of the state Democratic executive committee, but other than these positions he has never held public office. He is, however, a very successful business man. He is president of the First National bank of Tampa and vice president of the corporation which conducts the leading

SENATOR ELECT JAMES P. TALIAFERRO.

wholesale grocery business of the state. Besides this he is connected with other large commercial enterprises.

Mr. Taliaferro is a native of Virginia and comes from that branch of the well known Taliaferro family which originally lived on the plantations around Orange Court House. As a boy he entered the Confederate army and served during the civil war as a private. Afterward he went to Jacksonville and began with almost no capital at all to build up a fortune. He engaged in the lumbering and sawmill business and made money fast. Now he is very wealthy. The new senator elect is 51 years of age.

In obtaining the first report of a battle on one occasion, General Wheeler happened to be in the hospital tent, where doctors and nurses were making their rounds.

"How many were killed?" he asked as he started out toward his own quarters.

"One hundred and five," replied a nurse.

"What a slaughter! How did it happen?"

"I am speaking to the doctor of my patient's temperature, general, not of the battle," smilingly replied the Red Cross nurse.

BLUE SERGE

IS THE FAD.

"Everybody is going to wear Blue Serge Suits this summer." The "tip" came to us "straight" and in time for us to buy largely and get first pickings. We never do anything by halves. We secured EVERYTHING in Blue Serges—different qualities—to sell at

IS DIGGING GOLD IN ALASKA.

ED OHNECK WRITES FROM THE LAND OF GOLD.

An Interesting Letter Detailing the Experiences of a Prospector in Alaska.

Mr. and Mrs. George D. Ohneck have just received an interesting letter from their son Ed, now in the Alaskan gold fields. The letter bears date of Fort Cudahy, March 3d. He says he has just received a letter from home dated October 19, last year, and indicates some perplexity that it should have been so many months in reaching him. He expresses great pleasure and pride over the fact that his sister, Miss Velma Ohneck, had reigned as queen of the carnival, which took place but a few days before the letter from his parents was written. He says his health is good and that the word from home had put him in good spirits. After dealing with some private matters, the letter continues as follows:

"Have been sinking on Clinton creek. No results yet. This is a very slow process of mining; have to put in a fire, let it burn all day and clean it out in the evening, then put in another fire and let it burn all night. Sometimes we gain about fourteen inches to a fire, but from six to eight inches is the average. It takes lots of time to sink a hole, and lots of wood. In fact, most of the work is cutting wood and wading around in the snow after it.

"Most of the pay dirt is found on bedrock, and the depth varies, some places it being very shallow, only two or three feet. Holes have been sunk 250 feet before bedrock was reached. It was frozen solid and had to be thawed all the way down. Some bench claims on steep ridges can be worked without fire. The ground was never damp. The surface water is well drained, so that it won't penetrate over five or six feet, but it is very rare. It is really discouraging to sink a hole thirty or forty feet to bedrock and find it barren; then sink another hole, and so on, cross-cutting and prospecting the full claim. It is expensive work, too much so for a poor man, for progress is so slow and provisions high.

"The climate is not bad—nothing to what I expected. I have suffered more from cold in Colorado and Wyoming than I have in Alaska. Of course the thermometer goes down to 60 and 70 degrees at times, but it is a still cold, and no wind. It is deceiving and treacherous, and will freeze any exposed part in a few minutes. Hundreds of people of the 1898 rush are going home minus hands, feet, ears or nose; some have had their chin and cheek frozen, but it was all due to carelessness. As long as clothes are kept dry there is no danger. We lived in a tent 10x12 with a small sheet iron stove all winter. The worst feature of the winter is the short days. During the shortest days it does not get light until about 11 a. m., and is dark at 3 p. m. It is impossible to do any work without a light, as much so as it is in Indiana. Of course when there is a bright moon it is a great help—so it is in any country. The Aurora Borealis, or northern lights, that we read so much about, don't help any in ....s section. Occasionally we can see the light yellow streaks in the northern sky, but it don't give any light until you get farther north.

"We are having very mild weather now and it will not be long before the snow and ice will disappear, and then comes the most dreaded season in Alaska, summer—mosquitos and gnats—goodness, I dread to think about them. You can't have the least idea what they are. Seventy degrees below zero is nothing to compare with them, and there is no way of dodging them. The air is sultry and terrible hot and a mosquito net over the head is suffocating. One imagines that he has a fifteen pound blanket wound around his head and can't breathe through it. As soon as the net is adjusted in good shape around the head a desire to spit, or to scratch the nose, makes it necessary to open it, then it will fill up with mosquitos and gnats, and so it goes—a continual round of pleasure. It is equally as bad at night. I have crawled down to the very bottom of my sleeping bag and filled the mouth of it up with blankets, still they would hum around.

"It is next to impossible to do any prospecting here during the summer, except on the creeks. As soon as you leave the creek you strike the moss, which is from one to three feet deep and always wet. The formation of the country is only exposed along the river where the river has cut through. I have found some good quartz floe along the banks, showing that there are some quartz ledges somewhere, but it will be a hard matter to locate them. I intend to spend a month or two this summer trying to trace them.

"I understand that the Klondike boom has about subsided in the states. I am glad of this, for this is no place for thousands of inexperienced people to rush to. It is too far away from home and the country can't support them. There is no work to be had at any wages and it's pretty hard for an experienced miner to pick a grub stake off of these much worked over bars.

"I wish you would send me some reading matter this summer, so that I will have something to read and trade next winter—magazines and papers. You will have to send them in small packages and register them, or I will never get them. I haven't seen any package or paper come through the mail (except registered mail); nothing but letters come through straight—first class.

"I am baking bread this afternoon; the oven is so small I can only bake one loaf at a time; it takes all afternoon to bake eight loaves.

"I will close now, with love to all.

"Your loving son,

"ED."

CLOSE EARLY SATURDAYS.

A number of wholesale dealers in this city have entered into an agreement to close their places of business on Saturday afternoons from 12:30 from May 1st to October 1st. The object of this is to give their employes a half holiday each week during the warm season, and it is a boon the employes will highly appreciate. The Saturday afternoon closing movement is becoming more general in Fort Wayne each year and more dealers have signed this year than in any preceding year. Following is a list of the dealers who have signed the agreement: G. E. Bursley & Co., Fisher Bros., A. H. Perfect & Co., Fox Bakery, W. L. Carnahan Co., Chas. Falk & Co., James Armstrong, E. H. Coombs, Mossman, Yarnelle & Co., Wayne Baking Co., Fort Wayne Drug Co., Becker Paper Co., Julius Nathan & Co. From the first of June to the first of September, Moellering Bros. & Millard.

A number of bicycle tires came to grief on East Columbia street, near the Nickel Plate tracks last evening. Someone had carelessly thrown pieces of a broken bottles on the street, and having a large new plate glass front tance. Parts of Barr and West Main streets were also littered with small bits of broken glass. The police are on the lookout for offenders of this kind.

Mothers be sure and use "Mrs. Winslow's Soothing Syrup" for your children while cutting teeth. It is the best remedy of all. MaySeod&w.

GREETS FORMER COMRADES.

FIRST GATHERING OF STUDEBAKER'S TIGERS.

Boys of the One Hundred and Fifty-Seventh Regiment Meet at South Bend.

Tippecanoe place, the palatial home of Col. George M. Studebaker at South Bend, held out a warm welcome to the officers and men of the 157th regiment Wednesday, on the occasion of the first anniversary of the regiment's muster into the United States service. There were members of every company in the regiment present, and the soldier boys were met at the incoming trains by a reception committee from company F and escorted to the rink, which was made headquarters for the day. From here, in a fast-falling rain, the young soldiers marched amid hearty cheers to the castle-like home on the spacious grounds of Tippecanoe Place, and it was a hearty welcome they received from Col. Studebaker as they entered that magnificent home. The speeches were made in the large reception hall, and here were displayed the handsome loving cup presented to Col. Studebaker and the sword for Lieutenant Colonel May, both being the gifts of their former comrades. Preliminary to the program was the rendition of patriotic selections by the orchestra, and there was a general renewal of camp life associations and acquaintance by the soldiers in an informal manner.

The program of speeches began about 8:30 o'clock, and the more notable of these were the welcome by Colonel Studebaker, "The 157th," by Captain Gilbert, of Angola; "Our Former Militia," by Capt. C. B. Vanpelt; "Our City's Pride," by Fred A. Miller; "The Rejected Patriots," by C. N. Fassett; "Our Departed Comrades," by Chaplain Medbury, of Angola; "Our Successors," by Judge T. E. Howard; "Patriotism," by Hon. J. B. Stoll; "Our Flag," by Hon. George E. Clarke, and the address of Governor Mount. The speeches throughout were most appropriate, and were received warmly. The regiment presented Chaplain Medbury a handsome easy chair.

At the conclusion of the speech-making luncheon was announced and in relays of about 85 each the boys were served an elaborate luncheon in the spacious billiard room and dining room. Here the pretty decorations presented a rich effect, and the former "tigers" did ample justice to the spread. Cigars were then distributed and another season of social visitation preceded the close of the reunion.

Fort Wayne contributed two companies—B and G—to the 157th regiment, and representatives from each were present. They returned yesterday and report a most enjoyable gathering.

ELECTED OFFICERS.

The recently appointed executive committee of the Associated Charities held a meeting yesterday afternoon and elected the following officers: President, Mrs. Helen F. Guild; vice president, E. A.K. Hackett; secretary, Rabbi Frederick Cohn; treasurer, J. D. Bond. Miss Sybil Stevens, of Logansport, was at the meeting and spoke on the subject of establishing a free kindergarten in connection with the Associated Charities. The institution will be encouraged by the committee, and Miss Stevens will study the prospects. There was no definite action taken in the matter, however.

STATUE OF GEN. HARTRANFT.

IS UNVEILED WITH MILITARY CEREMONIES.

Distinguished Guests Do Honor to One of the Heroes of the Great Civil War.

HARTRANFT.

Harrisburg, Pa., May 12.—The equestrian statue of Major General John F. Hartranft in Capitol park was unveiled with impressive ceremonies this afternoon in the presence of a large concourse of people. These exercises were followed by a parade in which the survivors of the Third division of the Ninth army corps, commanded by General Hartranft in the civil war, had the right of line. The procession also included the Ninth regiment of immunes from Camp Meade, a provisional brigade of the national guards, the Grand Army of the Republic posts and the Sons of Veterans camps of Harrisburg and vicinity and the Harrisburg fire department.

Following a reunion of the survivors of the Fifty-first regiment, Pennsylvania volunteers, of which Hartranft was colonel, the old soldiers marched to the executive mansion to pay their respects to Mrs. Hartranft and her two sons and daughters, who are the guests of Governor and Mrs. Stone.

The feature of the day's exercises was the unveiling ceremonies, at which there were present many of the survivors of General Hartranft's division and distinguished soldiers and statesmen.

President and Mrs. McKinley were expected to be present, but they could not come on account of the condition of the president's health.

Postmaster General Smith, Secretary of War Alger and Adjutant General Corbin were present to do honor to the hero of Fort Steadman. Another guest of honor was Gen. H. Kyd Douglass, of Hagerstown, an aide on the staff of Gen. Stonewall Jackson.

The statue was designed by F. Wellington Ruckshul, of New York, and is regarded as one of the most artistic and life-like equestrian statues in this country. It represents General Hartranft, returning from war, receiving the plaudits of the people. The monument was erected last November, but owing to the absence of many Pennsylvania troops on account of the Spanish-American war the unveiling ceremonies were postponed until today.

The exercises opened with music by the Carlisle Indian band. The statue was unveiled by Miss Leonora Embick, daughter of ex-Representative M. A. Embick, of Boiling Springs, a member of the Hartranft division.

Maj. Isaac B. Brown, deputy secretary of internal affairs, followed with an oration, in which he paid a high tribute to General Hartranft as a soldier and statesman. Major Brown served under Hartranft. Referring to the crowning military event of General Hartranft's career, his capture of Fort Steadman, he said:

"In the fortunes of war it fell to Hartranft to meet, check and repulse the last grand offensive movement of Lee's army in Northern Virginia. The confederate general, Gordon, under the cover of darkness on that early March morning in 1865 moved upon Fort Steadman and adjacent fortifications, killing, wounding, capturing or driving precipitately the troops that occupied them. Orders were heralded from corps headquarters for Hartranft to immediately recapture Fort Steadman. The movement was about to begin when an order directing a delay was received. Hartranft knew the time for him to move had arrived and he disregarded the delay orders. He was lauded by corps and army commanders, by congress and by the president and was immediately brevetted a major general of volunteers."

The statue was presented to the state by Dr. J. E. VanCamp, of Carlisle, and was received in a short speech by Governor Stone. The ceremonies closed with music by the Stelton band.

GREAT PEACE JUBILEE.

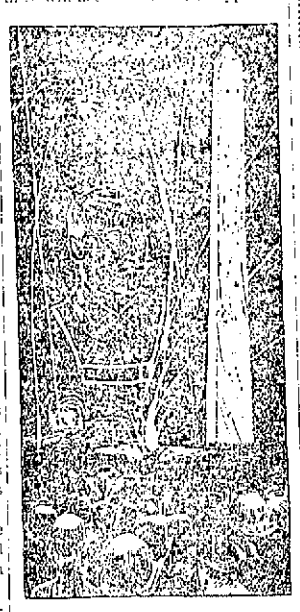
For Three Days Washington Will Hold High Carnival.

CELEBRATION BEGINS MAY 23.

Affair Will Voice the Nation's Joy That War Is Done and Express National Pride in the Deeds of Its Army and Navy.

Washington is to celebrate the return of peace by a grand jubilee. Beginning May 23 the capital city of the nation will indulge in three days of high carnival. But this time the holidays will be packed much that the American citizen enjoys.

There will be parades, of course, but there will not be of the stereotyped or-



FIREWORKS ON MONUMENT GROUNDS.

der. There will be extensive pyrotechnic displays. Gunpowder will be burned in the most startling way. Then there will be a masked carnival.

It has been the aim of the committee in charge to introduce in this three day jubilee some of the most popular features of other celebrations. Ideas have been borrowed from the peace jubilees of Chicago and Philadelphia, from the New Orleans Mardi Gras and from the flower carnivals of California.

The citizens of Washington are going to spend about $50,000. Congress not being in session, they will have to do with out an appropriation from the federal government, but this will be made up by those sections of various national departments in lending the presence of soldiers, sailors and warships.

It is expected that the peace jubilee will be the most important and biggest affair of the kind which has been held in Washington since the grand review of the army at the close of the civil war. It is being literally advertised in every section of the Union and many thousands of visitors will be present, besides those organizations taking part in the exercises. Those who go will not only see spectacles well worth viewing, but they will look upon Washington in her spring garbe, and that alone is a fascinating sight.

At sunrise on May 23 the ball will be opened by a national salute of 13 guns fired from the gunboats of the government anchored in the river, and this will be followed by the ringing of patriotic airs on the chimes of the Metropolitan church. When the time ball drops on the top of the war department, showing that it is exactly noon by the Washington meridian, there will be a salute to the nation from the guns, land and the cannon at the arsenal grounds and at Fort Myer. Thus the army and navy will combine to welcome and do honor to our Uncle Sam.

At 2 in the afternoon will begin the big military and naval parade. This will be composed of organizations from all over the country. Among those expected are the famous Richmond How-

A REVOLUTIONARY PARADE.

itzers, the Philadelphia Blues and the Chicago [illegible] of Philadelphia, as well as the [illegible] Troop of Philadelphia, a well known society troop of Quakers.

The original intention was to have the White House and Capitol square will be the reviewing point, but it is expected after the [illegible] parade through this space it will proceed to the reviewing stand, a model of which, it is proposed, will consist of a stack of three colossal muskets, 60 feet high, represented with bayonets fixed and belts thrown on.

Midway in the space the president will review the parade from a stand which, unless present expectations fail, is to be a facsimile of the prow of a vessel of war extending from the fence of the executive park outward to the curb of the wide pavement fronting it. To add realistic effect a turret and fighting top will tower from the rear of the deck, made spacious enough for the chairs of a large party.

In the evening a display of fireworks will be given on the Monument grounds, which are back of the White lot, the tall white shaft forming a kind of nucleus around which the operations will center. The grounds will hold 50,000 people, and the pyrotechnics will be visible in the states of Virginia and Maryland.

The most attractive features will be the huge set pieces, which will be built on a stage over 300 feet long. A huge flag of colored fire nearly 400 feet long will be shot 1,000 feet in the air by means of a balloon by way of opening the entertainment, and this will be followed by a presentation of the famous fight up the San Juan hill last July, when the rough riders met such a severe loss.

The explosion of large amounts of dynamite and the roaring of guns will add to the effect of the battle, while illumination of the grounds by constantly changing colored lights will make the scene one of unusual and unique beauty. Amid the bursting chains of fire and cataracts of gold will be portraits of the famous heroes of the war. Admiral Dewey receiving the honor of being the first presented.

At 10 in the morning of the second day will be the parade of the school children around the main streets of the city, and this will be followed at 2 in the afternoon by the most attractive feature of the occasion—the floral parade.

The second jubilee day will end with a change in music for the band concerts, the bands exchanging places, and a second display of fireworks.

The crowning event of the third and last day, if not of the entire festival, will be a gorgeous historical pageant, requiring hundreds of soldiers, sailors and horses. It will be a representation, in chronological order of the events of the war [illegible] of our history. The [illegible] are to be composed only of well trained men, the passing characters by officers experienced in military staff.

Following a few final events in the capital of Columbia will appear 25 or-

BRAKEMAN KILLED

EUGENE OBENCHAIN CRUSHED BY CAR WHEELS.

THE BODY HORRIBLY MANGLED

ACCIDENT WITNESSED BY HIS COMRADES.

NEWS OF THE SHOP AND RAIL.

PASSENGER MEN GAMBLE FOR BUSINESS.

Another horrible accident has been added to the list which has made the early part of the year 1899 more prolific in that way than any preceding year in the history of Fort Wayne.

Eugene Obenchain's life was crushed out by car wheels in the Nickel Plate yards a few minutes after 7 o'clock last evening, the terrible affair occurring nearly opposite the yardmaster's office.

The unfortunate man was a brakeman and a member of the crew which was about to take freight train No. 35 on its westward trip. Some switching was necessary here and while it was in progress Mr. Obenchain attempted to climb upon a big refrigerator car as it was being pushed down the tracks. He missed his hold and fell to the rails, the car and engine passing over him.

Fireman Cy Allen, who was on the engine, saw Obenchain fall and immediately notified Brakemen Bittner and Stoner, who picked the mangled and lifeless form up and carried it into the yardmaster's building, where Drs. J. M. Dinnen and W. D. Calvin arrived a few minutes later. Their services were not needed, however, death having came to the relief of the poor fellow. An order was then issued to have the body removed to Peltier's morgue, where it was examined by Coroner Barnett, who found that the head had been crushed into an unreconizable mass, the neck nearly cut in two, the right foot severed from the limb, the bone of the right arm broken and the body cut and bruised in many places. Notwithstanding these terrible wounds, Mr. Obenchain was breathing when he was picked up by his fellow trainmen and carried in the yard office.

An examination of the grounds where the accident occurred has led to the belief that the head was crushed by a guard rail of a switch. It is believed that Obenchain fell with the back of his head on the end of this guard rail and the car pushed him along until the rail was forced completely through the top of his head. His body was then thrown aside so as to clear the track and the wheels caught and severed his foot.

The remains were placed in a casket and this evening were shipped to South Whitley, over the Nickel Plate, where they will be buried.

The deceased was about 24 years old and he had been employed by the Nickel Plate in the capacity of brakeman for about five years. His parents have been dead for a number of years and before he started out to provide for himself, he was taken care of by his uncle and aunt, Mr. and Mrs. A. Obenchain, prominent citizens of South Whitley. The uncle was notified of the accident last night and came here early this morning to see that the remains were properly cared for. Edward Obenchain, a brakeman on the Pittsburg road, is a brother and Mrs. Ed Sterling, wife of the Aldine barber, is a sister to the unfortunate man. Eugene Obenchain was unmarried and roomed at No. 114 West Main street.

DISCUSS RATE SITUATION.

Washington, May 12.—Another conference of railway officials with the interstate commerce commissioners began here to-day, the subject this time being the rate situation in the south. About twenty-five roads were represented, covering the territory south of the Ohio and east of the Mississippi, among the principal roads being the Southern, the Louisville and Nashville, Atlantic coast line, Illinois Central, Seaboard Air Line and the Plant system. The published rates in the south are stated here to be better maintained than in most sections, but there have been complaints of discriminations in some cases in favor of the larger cities and towns, a discrimination practiced, it is alleged, by many of the roads, as indicated by the published tariffs. The commission next Monday will begin in New York an investigation into the subject of the export rates made by the various trans-continental lines, the most discouraging feature of the present rate situation. Many of the roads have represented to the commission that they are under no obligation to publish the export rates, holding that the sixth section of the interstate commerce act regarding publication does not apply to those rates. The commission, however, purposes to contest this assertion and will make a thorough inquiry with a view to remedying the demoralization of rates in which all the trans-continental lines figure. The trouble is an old one and is due to the competition for business among commission agents of the roads. This export freight demoralization, it is said, is general, the rates, in some cases, being cut 50 and 100 per cent. below domestic rates.

SETTLED IT WITH DICE.

Several passenger agents in Cincinnati yesterday settled a dispute by resorting to the dice box. A party of 100 people were going east and it meant $1,400 to the road that carried them. The representatives of the lines interested decided to settle the question by shaking the box and they repaired to a convenient cigar store for that purpose. The Baltimore and Ohio Southwestern won.

A BLACKLISTING CASE.

A special telegram to the St. Louis Globe-Democrat, bearing date of St. Joseph, Mo., states that "a damage suit for $20,000 for blacklisting, brought by Engineer A. G. Roberts against the Grand Island road, has developed into an action of importance both to the Brotherhood of Locomotive Engineers and the railways. Roberts claims he was discharged because he refused to double over heavy grades for straight mileage. The road charges insubordination.

ANOTHER CANDIDATE.

There are now five aspirants to the office of representative for the western division of the Pittsburg road on the advisory board of the Pennsylvania Voluntary Relief association. The new aspirant is W. E. Dartnell, a clerk in Shop Clerk J. H. Hobrock's office, who entered the field yesterday and is now hustling with the determination to win if possible. Fred G. Olds, of the machine shop, and Michael Vansickle, a car inspector at Chicago, who are candidates for the position, are to-day invading each other's territory, Mr. Vansickle being here soliciting votes and Mr. Olds being in Chicago for the same purpose. Messrs. Griswald and Cloud, the other candidates, are also busily engaged in looking after their interests. The present contest is the most spirited ever witnessed. There is no pecuniary benefits to be derived from the office, but it affords a little recreation now and then without any loss of time nor expenditure of money, and it is also considered quite an honor to be selected as a member of the board.

HAD A FINGER CUT OFF.

Mr. Hummel, an employe of the Gilmartin planing mills, at the corner of Barr and Holman streets, had the second finger of his left hand crushed in a gas engine this morning. He was taken to the office of Dr. Nieschang, where the wounded digit was amputated. Mr. Hummel resides on East Williams street.

INDUSTRIAL NOTES.

Nickel Plate Engineer George Cooper is taking a short rest from his engine duties.

J. A. Hueston, traveling freight agent of the Union Pacific, was in the city yesterday.

Emil Weirmeister, a painter, has taken a position in the factory of the Anthony Wayne company.

The Monon shops at Lafayette are giving employment to 350 men—the largest number in their history.

After a week's absence on account of sickness David Roche resumed his place in the Pittsburg blacksmith shop this morning.

The Baltimore and Ohio company has abolished the offices of assistant trainmasters and the men who filled those positions have been given other places in the service.

Nickel Plate engine 4, which had been undergoing light repairs at Stony Island, is again in service in charge of Engineer John Bottger and Fireman John Sanburn.

On May 17 the general baggage agents of the leading roads will meet in Chicago to discuss new methods of checking baggage and keeping records of baggage checked and received.

The Lake Erie and Western on Monday put on several construction trains and commenced ballasting the road with gravel west of Lafayette. Most of the western division is lightly ballasted.

The Pennsylvania is paying considerable atttention to the wants of the Panhandle at present and no expense is spared in the betterment of that poperty. The Columbus round house has been enlarged and addition to the building has been made to be used as a waiting room for the engines.

Stone shipments from the Bedford quarries have reached the enormous figure of seventy car loads per day. Fully 60 per cent. of the stone goes to Boston, Philadelphia and other eastern cities indicating a better business in the east in the building trade than in the central states.

The weighing of mails demonstrated the fact that on the eastern roads a much lighter tonnage of mail matter is handled on Sunday than on other days, while on western lines the decrease is not so perceptible. On Sunday twenty fewer mail cars leave over the trunk lines out of New York than on week days.

Machinist J. Neeble, of the Pittsburg shops, and his son George will go to Chicago tomorrow to spend a few days with reintives.

The Wabash has contracted for eight more locomotives. Five will be of the compound type and have driving wheels seventy-seven inches in diameter.

Supts. J. B. McKim, of the Pittsburg, and J. W. Hunter, of the Grand Rapids, left for Pittsburg last night to attend a meeting of Pennsylvania officials today.

William Wartencee, of the Pittsburg blacksmith shop, is engaged in renewing the decorations in the Red Men's hall, and has taken a leave of absence from the shops for that purpose.

The Indianapolis Journal says: "The building of a direct line from Indianapolis to Fort Wayne is again being agitated, parties taking an interest. It is believed the road will be built."

The Illinois Central has what it terms as "Industrial department," the duties of which are to furnish locations for factories. During the past year this department has been the means of twelve manufacturers establishing plants along that line. The railway people will be reimbursed 100 fold by the increased business received through the factories.

The Pittsburg road is doing an immense local freight business at present. One of the trainmen in that branch of the service said this morning that their work was unusually heavy.

Vincent Dawson, clerk in the Pennsylvania road foreman's office, will spend a day or two in Chicago, getting acquainted with the men who are connected with that part of the Pennsylvania service.

M. O'Neill, who has worked as a helper in the Pittsburg machine shop since the holidays, has secured employment at his trade in the electric works and went to that establishment this morning. He is a polisher.

The Nickel Plate has been looking in vain for laborers to work upon its coal docks for the past two or three days. Laborers seem to be scarce at present, there being a demand for them at several of the factories about the city.

A large stack, 100 feet long and five feet in diameter, left the Base works this morning for Muncie, Ind., where it will be erected at the Muncie Pulp company's works. Robert Schellinger will go to Muncie to place the stack in position.

The only change on this end of the the inauguration of two Sunday trains. The eastbound train will leave this city at 7:15 a. m. and the westbound train at 10:20 p. m. These trains will be known as Nos. 50 and 51 and they will run only on Sundays.

Conductor Hindal and Brakeman T. J. Raridon and E. M. Young, of the Nickel Plate, are off duty, the former on account of sickness and the two latter for recreation. Brakemen Bittner and C. Thompson, who had been off duty a few days, reported for work yesterday afternoon.

THE STOVE TRUST TALK.

Cincinnati, May 12.—Although the twenty-eighth annual meeting of the National Association of Stove Manufacturers closed last night with the election of officers and a banquet, most of the members are still here today conferring with the joint committee on combination, or rather on the organization of a trust. It is stated that this is a matter outside of the association proper. It is another organization, although the members are the same. It is said that it would have taken the promotor, John Baker, of Philadelphia, months to have personally visited the proprietors, but by coming here this week he has been able to meet them together and address them while they are assembled. While the committee today is still able only to report progress, it is stated that the final work will soon be concluded in Philadelphia and New York, from where the papers and blanks will be sent out with a circular letter to all the manufacturers of stoves and ranges for options on their plants.

THE WEATHER.

Chicago, May 12.—For Indiana—Showers and probably thunderstorms to-night; Saturday partly cloudy, with cooler in north portions; brisk south to west winds.

LOCAL NEWS.

Miss Martha Whittie has returned from a visit at Hoagland.

Mr. and Mrs. C. A. Moore, of Chicago, are guests of Mrs. Clippinger.

County Treasurer L. C. Hunter went to Chicago today on a business visit.

Elder Barton, of Indianapolis, chief of the Mormon elders of this state, is in the city.

Mrs. Harry Dragoo, of Auburn, is visiting her sister, Mrs. Howard Larrimore, of west Butler street.

Miss Flora Miller, of Paducah, Ky., is the guest of Mr. and Mrs. William Larrimore, of Wabash avenue.

The Packard Organ company is preparing a shipment of ten organs, which will be sent to Natal, South Africa, in a few days.

F. D. Bailey, M. D., of London, Eng., arrived in the city yesterday. Dr. Bailey will spend his summer vacation visiting friends in the city.

A girl who gave the name of Stella Parker died at the county hospital at Chicago yesterday. According to the Chicago papers she stated just before her death that she was a daughter of O. P. Parker, of this city, but that she had been using the names of Stella Williams and Mrs. George Fisher. Mr. Parker is a truckman, living on Hurd street, and told The Sentinel to-day that he was unable to say whether the woman was his daughter or not.

FLAG DEDICATION.

The Vorwaerts Turn Verein will have a pleasant social affair at Randall hall next Thursday evening, May 18. The ladies of the society have purchased a handsome flag, which will be presented to the organization on that occasion. A fine program has been prepared, and it includes gymnastic exhibitions, speeches and music, closing with a grand ball. Turners from South Bend, Chicago, Danville, Findlay and other cities will be present and participate in the program.

Alexander Bowser left last evening for a visit at Bloomington, Ill.

Mrs. M. S. Mahurin returned last evening from California, after a visit of several weeks.

Messrs. Ankenbruck & Potthoff are they had been scattered for some dispput in their store on East Washington street.

James Haskell, who has been suffering for some time from kidney trouble, was removed to Hope hospital yesterday.

STRAWBERRIES FOR THIS AFTERNOON.

Fancy Tennessee Strawberries, nice fresh stock, 6c quart.
Best Pineapples, 20c each.
Best Messina Lemons, 20c dozen.
Best California Oranges, 35c dozen.
We will receive a hundred bushel fine strawberries and large shipment of fresh vegetables tomorrow morning.

WHITE FRUIT HOUSE.

BIG SUPPLY.

The Greatest will have a big supply of Fine Arkansas Strawberries for this afternoon and tomorrow, Saturday. Also immense lay-out of fresh vegetables.

Lettuce, 12c lb; Spinach, 25c peck.
Pie Plant, yard long, 2 bunches for 5c.
Green Onions and Parsley, 3 bunches for 5c.
Radishes, 2 for 5c; Cucumbers, 7c each.
Asparagus, 3 for 10c; New Beets, 7c bunch.
Wax and Green Beans, 8c; Green Peas, 7c quart.
AT THE GREATEST GROCERY.

WILL LEAVE THE CITY.

I have decided to remove to Canton, Ohio, and will be pleased to have all those who are indebted to me call at No. 311 East Wayne street before the 21st inst. and settle.

DR. F. W. GAVIN.

39 CENTS

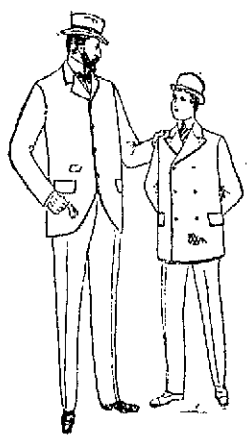
SAM, PETE & MAX'S STOCKS ARE IMPRESSIVE.

The enormity convinces all who see them, that we have not told half the truth about their magnitude. Play is at hand, are you as well dressed as you should be in order to properly celebrate Spring's formal opening? If not, investigate Sam, Pete & Max's claims. Here are some of them: A larger, better and finer stock to select from, more styles--two to one, than you can see anywhere else; positively better values than are possible at other stores. Style, fit, material, trimmings in every suit we show are unapproachable.



Blue Serge Suits

Still retain their wonderful popularity for men and youth. There's no suit more satisfactory than a serge suit rightly made, and every suit in our whole stock shows the result of intelligent, artistic effort. Double-breasted sack coat styles are in large favor in blue serges. Also single-breasted styles. We have no trashy serges--only good ones. Prices from $10.00 to $18.00. Also large line of choice styles in fancy worsteds for men and young men.

To see our stock of children's clothing, is to see the prettiest things made for boys, and to see twice as great a variety as any other store can show you. Values are unprecedented and unapproachable.

Swiss Clocks Free with Purchases of $12 or Over. Ask for Coupons.
